Expect the Unexpected SPORT UPDATE

RED TEAM have just won the soccer carnival at 7:00 pm Thursday night at Mildura Christian College. The game was intense with green having many opportunities still could not score!

With the game ending at 0-0, Dr. Tim blows his whistle for FULL TIME! The game went into penalties. Although Green was the most attacking side, red could turn the game around with the penalty shootout.

Both captains calling up five people on each side for the penalty shootout, Green the expected team to win only scores ONE PENALTY, with Red scoring three, William with a strong right and left hand saving most of the penalties.

Lucas being lucky saving one and three of the penalties going over the bar. Mothers, fathers, children and grandparents surprised, Green was the expected team to win!

Red have done it in the 21/22 season, surely they could do it again. All comes down to William, all Reds counting on him to put his penalty in the back of the net. ALL worries & stressing were cured when William scores his penalty to win the game for them.

Lucas congratulating teammates & opponents, captains shaking each other's hands and thanking the referee. "The unlikely threat of a tornado may have prompted a few to stay away but we were so glad to finally have been able to hold our Soccer Carnival in the first week of this term. Rescheduled twice due to poor weather forecasts, we understand not everyone was able to make it, but we are so thankful for those who could and did" – Steven Tresize.

Lucas Tresize makes a save for Green Team.

INNOCENT TEEN BRISTLEFROST STABBED FANS DEVESTATED

Police have arrested a teenage boy after another teen was stabbed with a knife at the local Mildura skate park today.

It happened Just before 5pm Friday 20 August, police and paramedics were called to the Mildura skate park after reports a teenage boy had been stabbed.

The teen was found with a minor stab wound to his back. He was treated at the scene before being taken to the Mildura Base Hospital. His injuries are not considered life threatening.

It was all because they were playing a game with their friend then the loser retaliated and stabbed the winner.

Police arrested the suspect a short time later at Jaycee. A 17-year-old boy from Sydney has been taken into custody and will be charged later tonight.

On the 9th of November 2021, a tragedy occurred in the dark forest. After trying to kill Ashfur, a dark forest ghost cat, Bristlefrost lost her life due to drowning in the inescapable water of the dark forest.

"I was watching her by the moonpool," the grieving mother says "Then she just... disappeared. A moment ago she was there, I blinked and she was gone."

Her body was never found and she was never seen in any part of Starclan* despite the searching of all the spirit cats who resided there.

"She may still be alive," stated her mate, Rootspring**. "We never did find her body or spirit."

Bristlefrost was a member of Thunderclan before she died. Her parents are Ivypool and Fernsong of Thunderclan and her siblings are Flipclaw and Thriftear.

*Starclan is the clan that does not live by the lake... they live above it! This clan is inhabited by all the dead cats, but not Bristlefrost.

**Rootspring was Bristlefrost's mate despite the fact that he is a Skyclan warrior. In the clans cross clan mating is a huge no-no.

GIRL MISSING

A 9 year old girl, Little Red Riding Hood, has gone missing from her suburban home yesterday morning at 11:00 am while on her way to her grandmother's house in the woods to deliver food. Her mother notified the authorities at 12:00 pm when she didn't arrive home at the agreed time. An extensive search throughout the woods has yielded little results but the Big Bad Wolf, who lives in near vicinity, is the main suspect.

When the authorities took the Big Bad Wolf to the local police station for questioning, he said he had been at his mother's house for the past week looking after her when she had stomach troubles. His mother, Mrs. Pigmuncher, attested to his alibi and said she had photos of him around the house.

When asked what she thought about the authorities taking him in for questioning she said, "I am shocked and deeply hurt that anyone would accuse my darling son of kidnapping Little Red Riding Hood. He is so gentle and caring and would never harm a fly." Because of his steadfast alibi the police let him go but took his passport and told him to check in weekly. Red Riding Hoods mother states, "My daughter has just gone missing and I'm sure the police are doing everything they can but please, if anybody finds out where my daughter is notify me straight away." The investigation into Little Red Riding Hoods whereabouts is still ongoing.

RED WINS SOCCER

RED TEAM TAKES HOME TRIUMPH ON THURSDAY.

With the goals 0-0 the penalties start with red best of six, Goal! 1-0 ball goes to green, blocked by the best goalie in the school and repeat. Final score ends up as red 5-4 green.

Here's some quotes. "I was so stoked that we won. If you asked anyone in the year 7-8 classroom, especially our teacher Dr. Tim, who gave me my new nickname crybaby I was only being negative and thought that we had no chance at winning. It was a big surprise for me and after we won, I can assure you I was the loudest person on red team. I do have to give it to William, our goalie. He was amazing. Go red team!" Josiah Deroon.

"The weather was really nice today, I'm glad it got postponed till today." Bystander.

Overall this term kickoff was enjoyed by many students and adults. Next year we'll see who wins and my bet is on Red Team. On the new oval.

SWEPT AWAY

A flooded suburban street in Victoria.

The Murray food started in Corowa and will flow all the way down to Edward River at Moulmein. All of the towns are steady for the floods except for Echuca and the Mildura Weir.

The Echuca River is rising, it is at 94.92 meters, which is just above sea level, but the average height of the Echuca Murray is around 86 meters. The Mildura Weir is just a bit different. Their Weir is falling, and not rising like how Echuca is. The height of their River is at 35.15 meters of water when it is usually at 31 meters so there is not really much difference, but the water is causing a lot of damage.

SOCCER CARNIVAL

Last night the school had a soccer carnival and red won by 2points and green lost the goalies were Lucas and William the scores were 3-1.

The night was good since it had been canceled two times because of bad weather. Everyone there was happy that the tornado didn't happen even though there was a chance of one happening. The other people at the carnival watching the match say the match was exciting.

We spoke with Sophie and she said that the match was very close and that it was good. One of the people playing the match said that the match was good and that everyone did well. Another person said that the night went really well and that the food was great.

Due to the success of the night I would recommend that MCC would have a term kick off instead of a term tea. Next year blue and green might want a rematch between red.

Echuca: Flooding causes havoc in riverside streets.

MILDURA FLOODS

Swimming with the Fishes

Grace Schmidt

REPORTERS and people who work with the Lower Murray Water (LMW) Have told us there would be a flood in Mildura in the next week or so. The water will slowly come up due to the rain, which will cause a small flood, but not as big as 2016 flooding.

The Murray flood started at Albury and will flow all the way to Edward River at Moulamein. All of the towns are steady with the flooding now except for Echuca and the Mildura Weir. The Echuca River is rising, their river around them is now at 94.96 metres, and the average height of the Echuca Murray is around 86 metres. With the Mildura Weir it is the opposite, Their Weir is falling not rising like Echuca's. The height of their river is now 35.15 metres of water. It is usually around 31 metres so it has not changed much, but the water is causing some damage for the Mildura locals.

Wherever you are, you must always be careful around your surroundings with the water. If here I heavy rain outside please do not go out without an umbrella or just do not go out at all. Many people have been injured or even died because they were careless when driving or walking whenever it has flooded. For example, there was a woman who is in search to be found when she was swept away from the Gulgong River.

Wait for more news on the Murray River flooding that has been going on for weeks. Safe travels when you are driving.

TONGA HAS DONE IT

Sioeli Tuifua

Tonga has once again, made history this morning, Wednesday the 19th October 2022, 5:30am at Totally Wicked Stadium. They faced png and managed to take the win. This is the first time Tonga has won against this team.!!!

For a small little country/island, this team has managed to accomplish huge tasks such as beating New Zealand for the first time, Australia, England and Papua New Guinea. This is the most successful team that Tonga has ever had.

Tonga's team captain Sio Siva Taukeiaho had this to say about rugby " I said to the boys before this," " How hard would you play today, if you knew you couldn't play tomorrow. This game is not how big you are, it is how big our hearts are. We are here to play for our country, And that's what we did, we made history."

What Tonga have accomplished so far has not met the expectations of what they have set. Tonga is ready to beat every team this year again so they can win the world cup. So look out, THE RED SEA IS COMING.
