Just a reminder to parents to inform us if your child won't be attending a booked session at either before or after school care. If your child is unwell and not attending school or has gone home early during the day, you still need to contact us to **cancel the session**. We have several children still on waiting lists requiring care and can offer casual positions to these families as they arise. Many thanks.

Have a great week!

Miranda Boulton & the OSHC team.
