

Welcome to 1N!!

Welcome to 1N!! The class filled with 23 heroic students of Girraween Public School. 1N has quickly settled into a hard-working positive environment. Students love to learn from their teacher but also from each other.

We spend lots of time completing Literacy Rotations where the students use a variety of resources and complete lots of different activities including Digital Technology.

We have also exercised our creative brains with beautiful artworks. We are looking forward to a cracking year filled lots of fun, learning and adventures! Bring it on!!
