G'DAY SPACE SAMPLE ITINERARY

DAY 1: Depart Australia and arrive in Los Angeles, clear customs & immigration before transferring to your flight to Orlando Florida for three incredible days at NASA Kennedy Space Centre.

DAY 2-4: Breakfast at your hotel each morning before 3 days of Kennedy Space Centre fun! Your program brings science, technology, engineering and mathematics to life. Participate in a NASA certified ATX Astronaut Training Experience, train in mission simulators, support your team through a series of challenges and receive a video log of all of your achievements. Immerse yourself in the future of space exploration at Mars Base 1 as well as exploring Space Shuttle Atlantis, the Apollo & Saturn Centre and possibly see a real rocket launch! To conclude your experience, lunch with a real NASA astronaut before catching your flight to San Francisco.

DAY 5: Today's adventure will have you take part in the STEM to Stern Program on the USS Hornet. See how chemistry, physics and mathematics apply to the operational function of an aircraft carrier! After lunch, enjoy a spectacular walk across the Golden Gate Bridge with a 2.7km suspension span that carries over 260,000 vehicles per day.

DAY 6: Today, explore the California Academy of Science, from splashing penguins to the popular Shake House. Finish your time in San Francisco with a visit to Pier 39 before flying to Los Angeles.

DAY 7: Walk into Knott's Berry Farm and the coolest new physics and science program called 'Energy in Motion', and the best part is you get to ride all the rollercoasters in the park afterwards!

DAY 8: Finish your space flight with a day at Universal Studios Hollywood. Harry Potter and the Minions! Transfer to LAX for your flight home to Australia.

DAY 9 & 10: In transit while we cross the International Date Line. Arrive back into Australia.
