

HOW TO MAKE A RECYCLED BOTTLE LANTERN

A STEP-BY-STEP GUIDE TO MAKING A BEAUTIFUL LANTERN FOR CHINESE LUNAR NEW YEAR.

FIRST

YOU WILL NEED A CLEAN, CLEAR PLASTIC SOFT DRINK OR WATER BOTTLE, SOME ACRYLIC PAINT, A STANLEY KNIFE OR SHARP SCISSORS, AND SOME PAINT PENS TO DECORATE!

NEXT

YOU WILL NEED TO PAINT THE BOTTLE WITH RED ACRYLIC PAINT. ONCE DRY, CAREFULLY USE A STANLEY KNIFE OR SHARP SCISSORS TO CUT STRIPS APPROXIMATELY 10-15CM LONG (DEPENDING ON THE SIZE OF YOUR BOTTLE) AND SPACED 2-3CM APART, ALL THE WAY AROUND THE BOTTLE.

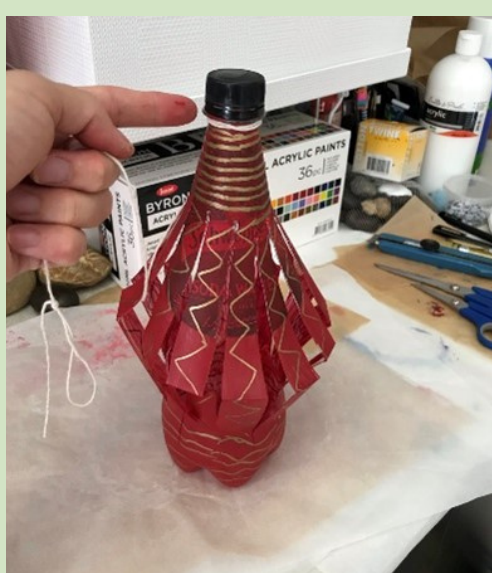

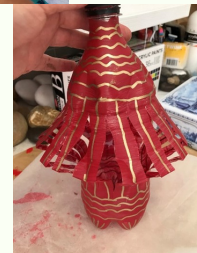

THEN

PUSH DOWN ON TOP OF THE BOTTLE TO SPLAY IT OUT, THEN BEND EACH SECTION INTO PLACE.

FINALLY

DECORATE WITH GOLD PENS, PAINT ETC AND PUNCH SOME HOLES IN THE BOTTOM WITH YOUR STANLEY KNIFE OR SCISSORS FOR DRAINAGE. BRING YOUR LANTERN IN TO SCHOOL TO BE HUNG UP AND ADMIRERD!

ALL DONE!
