

Glen Eira Youth Services Parent information night

Moving up with parents — primary to secondary transition

This is an opportunity for parents and guardians, as well as young people, to attend an online presentation that will equip you with information and tips to better understand the transition from primary school to secondary school.

Glen Eira Youth Services has been successfully delivering this program for many years and will use its knowledge and experience to provide strategies on how to partner with your child to make this a positive transition experience. Parents and guardians will hear about common worries, stressors and anxieties expressed by students entering secondary school and how to best combat these as a team.

Youth Services will deliver a presentation followed by an extensive Q+A. This is your opportunity to submit any questions or concerns and draw on the experience of the Youth Services team.
