

Zinfra Apprentice Trainee Program

2022 applications now open
1 July to 6 August

Currently recruiting for:

- Apprenticeship in Gas Supply Industry
- Apprenticeship in Electrical Supply Industry
- Traineeship in Project Management

About the opportunity:

Apprenticeships and traineeships remain a fundamental, proven method of training individuals in high-skilled occupational areas, with a combination of classroom training and hands-on learning directly supervised by skilled and qualified mentors. At Zinfra we provide a supportive learning environment to assist our apprentices to achieve their chosen apprenticeship.

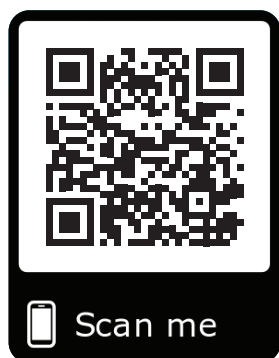

Benefits:

- Earn money while you learn in the workplace with great starting salary
- Gain valuable experience in real work and industry environments, giving you a head start in your chosen career
- Finish with a nationally recognised qualification that could provide you with a competitive difference in the job market
- Uniform and equipment provided
- Employee assistance
- Health and Wellbeing benefits

What we're looking for:

To be successful in this role you will bring the following skills and experience:

- A current driver's licence as of Jan 2022
- Solid communication, interpersonal & time management skills
- Ability to adapt to a changing environment
- A willingness to learn new skills to drive your career
- Diversity and commitment to being inclusive member of the team
