

These school holidays Kinross Wolaroi School are pleased to be hosting Code Camp, the holiday program where kids design, code, problem solve and become storytellers and creators of technology, by creating games, websites, music and videos or flying drones - in just 2 days!

Fun, engaging and challenging... and our most popular Code Camp that over 100,000 students have completed. **Spark** is where every student in years 2-6 should start their Code Camp journey. Your child will design an engaging platformer game and then bring it to life with intuitive, yet powerful, drag and drop code. Learning the fundamentals of coding gives children the confidence and knowledge to be in control with technology – not just as a passive consumer, but as a creator, problem solver, and digital storyteller.

Animation Camp is the exciting intersection between storytelling, art and technology! Over two days, your child will create two movies from scratch using stop-motion animation. Stop-motion is the process of taking multiple images of objects and stitching them together to look like they're moving - it's an incredibly fun and creative way to tell a story!

Camps are running on the 5th - 6th of October. Book now using the discount code '**EARLY25**' to take advantage of our \$25 Early Bird Discount running until midnight Sunday 4th of September.

[Book now via www.codecamp.com.au/kws](http://www.codecamp.com.au/kws)

Additionally, if you're interested in signing up for weekly after-school coding classes at KWS in Term 4, please [CLICK HERE](#) to fill out an Expression of Interest form
