## Prep 2023

### End of Semester One Report

Your child's End of Semester report is now available on Schoolbox, and this letter provides some further explanation about what is included in this document.

The reports will be accessible through Schoolbox and will provide a summary of students' academic performance so far this year. An updated Schoolbox Report User Guide is included with this letter to assist you in being able to gain access to the system. Should you have difficulties, please email [schoolboxhelp@goodnews.vic.edu.au](mailto:schoolboxhelp@goodnews.vic.edu.au)

The updated format of the Prep End of Semester One report 2023 clearly shows parents the achievement of their child at the end of Term 2.

The black dot on the **English** and **Mathematics** page of the report indicates your child's achievement with the highlighted section showing the expected range currently. This is a result of a process of moderation which includes teachers taking into consideration *Moderated Common Assessments, Teacher Observations and In-class work samples*:

The **Commendations** in the **Reflective Statement** outline specific skills you child has accomplished and **the Areas of growth** inform you about their next stage of learning.

There is a description of Semester One learning experiences for the specialist subjects of Music, Art, Physical Education and German, as well as Christian Studies. Progress in these areas has been shared with parents through Schoolbox.

The final **Reflective Statement** is a personalised comment from your child's classroom teacher which considers their learning, behaviour, and socialisation.

The **Approaches to Learning** skills reflect your child's practise of these important skills across all learning and social situations.

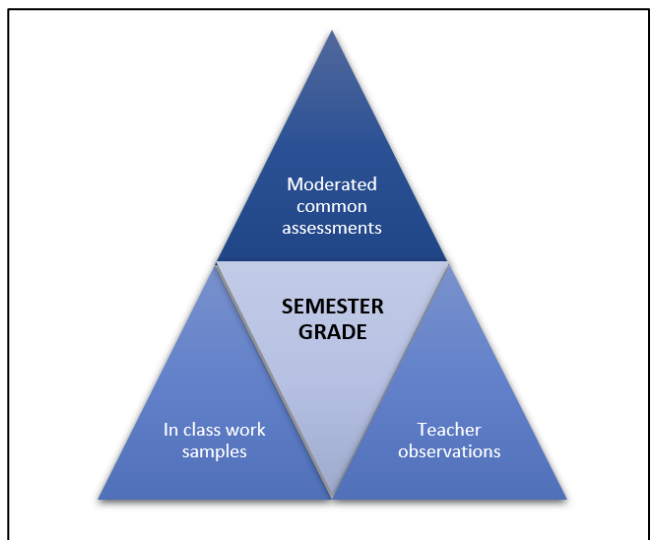

If you have any questions or concerns about your child's progress, please make a time to speak with their teacher.

Yours sincerely

Maria Denholm

**Head of Junior Years**
