

Starting School.

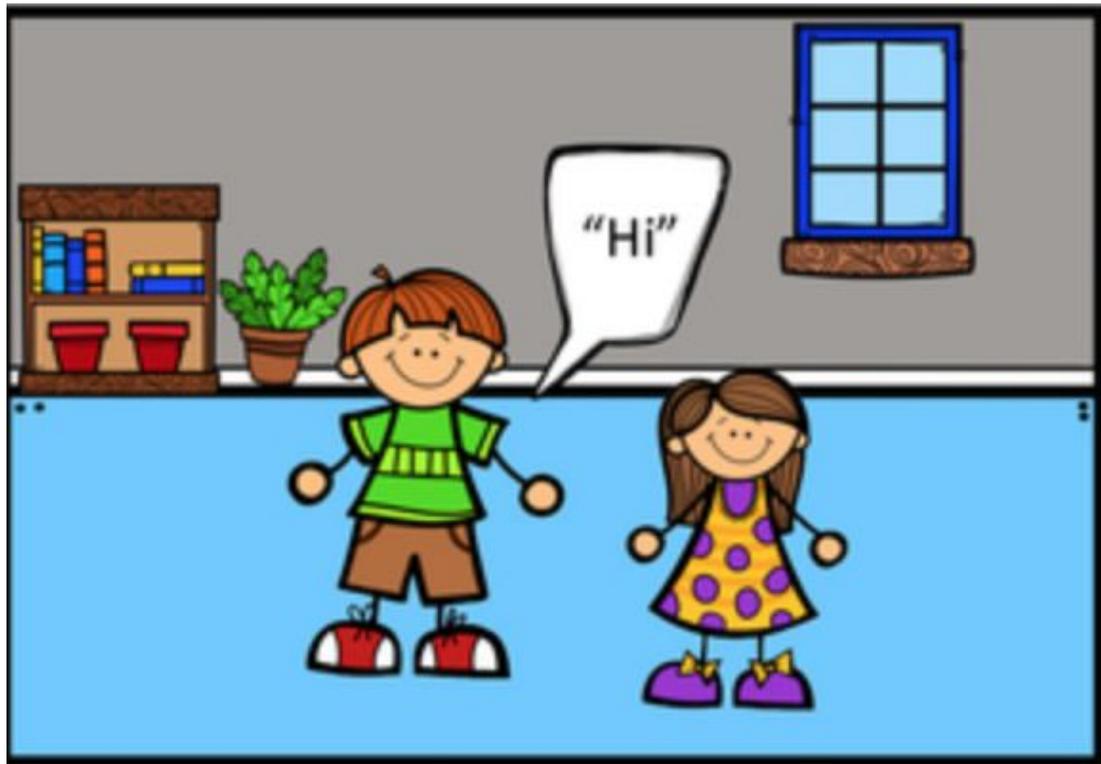

Very soon I am going to start at Ringwood North Primary School. I will be in Prep.

On the first day of school I will put on my uniform and have my bag. In my bag I will have my lunch box, my drink bottle and my hat.

When I start at school it will be very exciting! I will get to meet lots of new friends. I will have some new teachers who will look after me.

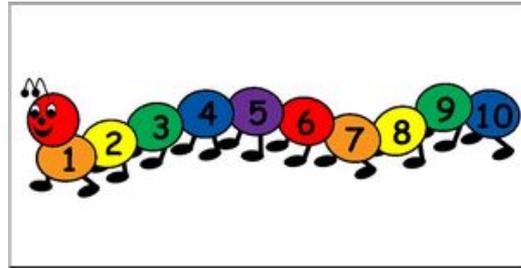

When I arrive at school, I might feel a bit worried or nervous. This is okay. My family will be excited for me to start at school.

I will have a classroom that I go to every day. My teacher will meet me there and help me put my things away. I will have a special place where I line up after playing outside.

There are lots of new places for me to see at school. There are playgrounds and sandpits for me to play in.

When I come to school I will get to do lots of fun things like reading, writing, counting, drawing, music and I will learn a new language!
