Our fun and enriching before and after school programs are all about:

Making new friends

When children meet other children, new bonds are formed that make their transition to big school so much easier - it's all about familiar faces and a sense of belonging

Building lifelong skills

New experiences and shared challenges build confidence and resilience - fundamental to how children look at the world, socialise and learn

Caring Educators

Having caring and nurturing grownups around you means all the difference - our educators make sure our children are encouraged to flourish and have fun, every step of the way

Having fun

We know fun plays a huge factor in positive learning and development. Our programs are designed with the child's needs and voice at the forefront

Turning a big step into a little one

Starting school with familiar faces, comfortable environments and positive anticipation helps make that big step a much smaller one!
