**Important note from the principal, deputy principal and the P&F**

Parents, please note that Food Days are a P&F fundraising activity, The P&F works hard to ensure you are given enough notice to organize an order for your children, and also provides ample contact details and information for you to provide feedback. If you do not want your children to participate in the food days, or you miss the cut off date to order, Please **DO NOT** bring fast food or other special foods to the school for their lunch. You are welcome to pack a special lunch for your children to take in their lunch box in lieu of getting a Food Day lunch order.
