

Boronia Bowls Club Marie St., Boronia

ROLL UP. FUN. FAST. SOCIAL.

Get your friends together and get down to your local Hub Club for a Roll Up!

Roll Up is a fun, fast, and social four – six week program that’s designed for kids aged 10 – 17 that want to give lawn bowls a go. As one of Victoria’s most accessible sports, lawn bowls can be enjoyed by anyone regardless of age, gender, experience, or physical ability.

More about Roll Up

Roll Up is designed to get more young people active through sport. Developed in conjunction with VicHealth, the 4 – 8 week program offers an accessible, fun and socially inclusive environment for teens to engage in sport.

Roll Up is not your traditional lawn bowls format. Each week, teens will develop their playing skills and game knowledge through social play, modified games and support coaching.

The program allows teens to learn and build their confidence in lawn bowls in a supportive, relaxed and fun environment. Roll Up is a great after school or weekend sport that kids can play with their friends. Music, snacks and refreshments are also provided at each session.

All equipment is provided by clubs so all you need to do is rock up and have fun!

If you’re looking to try a sport that involves a little less contact and you’re wanting to try something new, get your friends together and register to play Roll Up!
