

## THE BEST ACTIVITIES

If you're looking for excitement and fun then I suggest you try the circatron at CYC the Island. You're strapped into a big machine you spin as fast as a cheetah round and round while you're screaming as loud as a lion's roar.

It is a must have experience if you are at Phillip Island. Forget the penguins and come try the circatron at CYC the Island today. Plus it's free.

Swinging with excitement literally. The giant swing is an awesome experience for anyone with a sense of adventure and fun. You go up a whopping 15 meters high if you're as brave as a lion and swing. It feels like you're falling but a rope catches you and swings you back and forth. It is an incredible activity filled with thrill and excitement that I suggest you try straight away. Only at CYC the Island.

## CYC THE ISLAND READY FOR YOUR HOLIDAY?

Enjoy quality  
service, luxury  
rooms and  
stunning facilities.  
It is a great place  
for families to  
enjoy with  
playgrounds and  
rock climbing walls  
so you are never  
not entertained. At  
CYC the Island  
where the fun  
never ends.

AS YOU SIT DOWN ON THE METAL COLD SEATS, GUSTS OF WINDS BLOW AGAINST YOUR CHEEK, AS YOU WAIT FOR THESE LITTLE FELLAS TO POP THEIR HEADS OUT OF THE WATER. THESE PENGUINS ARE CALLED FAIRY BLUE PENGUINS SINCE THEY ARE ONLY 33 CM.

GROUPS BY GROUPS OF PENGUINS WILL EVENTUALLY COME OUT OF THE WATER SURPRISING THE SPECTATORS. SOMETIMES THESE 33 CM PENGUINS GET KNOCKED OVER BY A 2 FOOT WAVE. IT'S VERY CUTE TO SEE THEM EMERGE FROM THEIR HOME AND WADDIE AROUND THE SAND

THESE PENGUINS ARE AS CUTE AS A 4 MONTH OLD PUPPY YAWNING. AFTER THE SHOW, AS YOU WALK THE WOODEN PATH, YOU CAN SEE ALL THE PENGUINS HIDING IN THEIR LITTLE BURROWS. THEIR BURROW HAD DOORS AND A SMALL WOODEN HUT ON TOP OF THE BURROW SO PREDATORS DON'T EAT THEM.

ONCE YOUR FRIEND STARTS  
MOVING YOUR BOARD YOU  
GOT TO KEEP YOUR SELF  
CONTROL, UNTIL YOU CAN'T  
AND FALL INTO THE WATER,  
ONCE YOU GET IN THE  
WATER YOU START  
SOREAWING FROM THE  
COLDNESS, IT'S LIKE YOU'VE  
JUMPED INTO A BUCKET OF  
ICE, THEN YOU REALISE HOW  
HARD IT IS TO GET BACK ON  
THE BOARD, AND FINALLY  
AFTER YOUR ON THE BOARD  
YOUR PROBABLY GOING TO  
FALL OF AGAIN STRAIGHT  
AWAY.

ONCE YOU GET ON THE  
BOARD IN THE WATER YOU  
REALISE WHAT YOU'VE GOT  
YOUR SELF INTO, BUT IF  
YOU STAY CALM AND GO  
YOUR KNEES IT'LL BE  
EASIER, BUT ONCE YOU SEE  
YOUR FRIEND WITH THEIR  
PADDLE REACHING OUT  
YOU START FREAKING OUT.

AS YOU GET THERE YOU GET  
A WEIRD SENSE OF  
EXCITEMENT, YOU DON'T  
STOP THINKING OF HOW  
MUCH YOU WANT TO KNOCK  
OFF YOUR FRIENDS, WHILE  
YOUR LISTENING YOU THINK  
IT'S GOING TO BE THE  
EASIEST THING YOU'VE EVER  
DONE, BUT IT'S NOT.

## ARCHERY AND PINNACLE

I LINED UP THE THE SHOT, STOOD TRAIHT UP AND "BULLSEYE"! I TURNED AROUD AS HAPPY AS EVER THE BOW IN A TIGHT GRIP IN MY HAND AND THE ARROW STUCK IN THE TARGET. I WAS AS COOL AS A CUCUMBER.

Experience**

At CYC there was a giant swing and when I mean Giant I mean 15 meters up. (Dont worry its safe). I was first up at the top as the view was stunning. When I got dropped it felt like my soul just had had a heart attack, but it was so worth it. I definitely recommend the giant swing.

## A Warm welcome

Come visit the penguins at Phillip Island and get a warm welcome. The penguins are waiting, cute and as fluffy as a warm winter coat. If you go to Phillip Island and don't visit the penguins why even bother coming. The penguins are waiting for you.

## Paddle Boarding At Phillip Island

paddleboarding at Phillip

Island was an experience of a lifetime. The instructions were as a whistle so I felt safe. After that when we hopped in the water it was so fun and the equipment was kept at a really

good standard for when we hopped in the water. I was lucky enough to not fall off my paddle board once like a blinded elephant on a canoe. At the end we did a relay. It was as close as ever. I was the last person to go with my mate and we had 10 meters to go, neck and neck but we eventually came up top by a couple centimetres.

## Archery

At CYC there is archery and believe me it is harder than it looks. Archery is also set up really well everything is in good condition and the arrows arnt proper there a bit blunt and safe so I defently recommend archery.

## Paddle Boarding

Is it hot day in Phillip island like it always is? Come paddle boarding where the weather is just right.

The sun was screaming at us. But the cold of the water was just right. And OOOOAAAMMM! I flipped over and into the water, my whole body submerged. I was drenched. But it was refreshing. I felt the little tickles of the seaweed beneath my feet. It was time to get revenge. I paddled as fast as a black marlin, the fastest fish in the world towards my teacher and I flipped both of them down splashing into the water. You should totally come here if swimming and games.

Such an iconic icon in Phillip Island  
Some nights might be booked out

it is remarkable.

As the many penguins swim out and

we saw many penguins feeding their  
family. What a sight to see.

## paddle boarding

Paddle boarding is obviously the best part of Phillip Island. You might get pushed off by others and when you are paddling you can feel the wonderful wind blow against your face. But the best part of paddle boarding is the relay race at the end where there are two teams and you have to work together to cross as a team. Me and my mate were going last, group 1 was winning, the pair before us just got back from the water, panting like never before. When we got near the board we saw group 1 already nearly halfway through the course. I pushed the board forward and jumped on paddling as fast as a cheetah's leg running along the dirty savannah floor. My friend pushed it forward when I was paddling, he jumped on and was paddling in sync with me like a band playing music. Group 1 was about to cross the halfway line and me and my friend were catching up to them. We were tied at about a metre past the halfway line, then all of a sudden they sped up, passing us. But we weren't going to let that happen. We sped up just like them, we were neck and neck near the end of the relay then we just decided we weren't going to let that happen so we went super speedy on to the finish line and won the race.

## circatron & giant swing

The circatron is like a mini spinning machine. A teacher pushes the circular bars as you dangle and hang like a cat hanging like a bat. Adrenaline rushed up my body as I was getting pulled up by everyone. I froze with tension as I got to the very top, I held the black cord up thinking, am I about to pull the cord that kills me. I swallowed a big gulp and pulled the cord... I screamed as loud as my voice could handle and hanging on for dear life then I got swung up thinking, phew the hard part is over. I quickly pulled a superman pose while I swung down. I slowly got pulled down as I thought wow getting swung is so fun!

**See What our  
Travelers Have  
to Say**

Now for the big moment, a daring and dangerous journey, THE PINNACLE. It's one of the best activities at Phillip Island and one of my favourite activities too.

The Pinnacle is a rock climbing adventure that is just amazing. When you reach the top, on easy medium or hard, you get the best view and a hilarious secret that will make you laugh like a monkey. But then you still have to get down, and getting down is the best part. You become a spy agent jumping down the side and then the safety harness lowers you down.

Plus if you're up for a challenge you can try the speed challenge to earn a place on the incredible roster. And who knows you might even beat the whopping 4 SECONDS. Overall the pinnacle will be a definite highlight in your phillip island adventure.
