News from Monash University

➤ Important Notice for Domestic Medicine Applicants

VTAC's confirmation that Year 12 results will now be released on 30 December 2020, has meant that Monash has had to make some changes to the MMI interview process for 2021 entry in order to meet the VTAC selection round on 14 January 2021. Most interviews will now be held in mid-December 2020 and selection for these interviews will be based on a ranking of applicants' UCAT test scores only.

Importantly, a second round of interviews will be held in early January 2021, for Victorian and rural interstate applicants. Selection will be based on a combination of final Year 12 aggregate scores and UCAT test scores as per the usual process. Interview dates will be posted on the [Important Dates](#) page and are subject to change. Applicants should make themselves available for all published dates if they wish to remain eligible for Medicine at Monash.

Interviews will follow the same scenario-based, multi-station format, but are highly likely to be conducted online via Zoom with fewer stations than in previous years i.e., to include 6 virtual stations. There is no additional preparation required for the interviews and applicants selected for an interview will be briefed accordingly. Shortlisted applicants will be invited to attend an interview via email (please check all mail and spam email folders) and will be required to log in to an online system to self-allocate a time to attend. Once the system closes, changes will not be permitted, and late requests cannot be accommodated.

More information regarding updates on admission requirements can be found at [Medicine Updates](#).
