

International and Homestay Factsheet

**HENLEY
HIGH SCHOOL**

International

At any one time there can be between 60 to 80 international students enrolled at Henley High School, who are supported by a committed team of staff comprising of an Assistant Principal, International Student Manager, School Support Officer, the School Counsellors and highly experienced caring teachers.

Students come to us from Brazil, Cambodia, Malaysia, Hong Kong, China, France, Germany, India, Japan, Korea, Vietnam, the USA and more.

Depending on the program students enrol in, they have the opportunity to undertake English as an Additional Language (EAL), including an Intensive English Course, as well as mainstream studies based on academic or experiential needs.

Special orientation and pastoral care programs enable us to build strong relationships with students, parents and homestay families to ensure the positive engagement and successful achievement of all international students. This creates a welcome and supportive environment within the school community.

Henley High school offer three different programs:

- Graduate (through to the end of Year 12)
- Study Aboard (up to one year in duration)
- Study Tours (shorter visits of approximately two weeks)

Homestay

Room for one more?

We are seeking local families that are willing to open their homes to an international student as part of our international education programs.

Hosting an international student is a wonderful and mutually rewarding experience. Not only does it provide an international student with accommodation and an understanding of the Australian way of life, but it also gives your family a deeper appreciation of other cultures and the satisfaction of knowing you have made a positive difference to a young person's life.

Benefits

- Developing greater understanding of other cultures and customs
- Building lifelong friendships with the international student and their families
- Homestay families are paid approximately \$300 per week to host a student.
