Medical / Asthma

If you noted your child will need to take medication while on camp, a medical form will be sent home in a zip lock bag a week before camp.

Please complete the Medication Authority Form and return to school with the relevant medication on or before the morning of camp, Thursday 23rd October, placed in the clear, resealable bag provided. The Medication Authority Form **MUST** accompany all medication, this is to ensure schools store and administer medication correctly.

All medication to be administered on camp must be provided to school in the original bottle or container clearly labelled with the name of the student, dosage and time to be administered. Please ensure a parent/carer collects all medication when collecting students when they return from camp. Medicines not collected will be disposed of.

Kind regards
