

Information for Parkdale passengers

Parkdale Station closed and buses replace trains on the Frankston and Stony Point lines from Saturday 21 October.

We're busy removing level crossings

Victoria's Big Build is making the Frankston Line level crossing free by removing all 27 of the dangerous and congested level crossings by 2029. We're building 17 new stations, improving safety, reducing congestion and allowing more trains to run more often.

We're removing the level crossing at Warrigal Road, Mentone and Parkers Road, Parkdale by building a rail bridge over the road and a new Parkdale Station with modern and accessible facilities for passengers. We're creating new community open space including planting new trees and greenery, community gathering places as well as sporting and recreational facilities for the community to enjoy.

Removing these crossings will change how locals live, work and travel. Journeys on the Frankston Line will be faster and local roads safer.
