

IN BUSINESS FOR YOUR BUSINESS

Wanted: Junior Staff Member

Are you an enthusiastic young person with an interest in agriculture?

Are you looking for some work with flexible hours after school and Saturday mornings?

Do you want to have a career in agriculture and would love some contacts to kick start the process?

Then Lipp's is the company for you!

Right now, we are looking for a junior staff member to assist in store some afternoons and Saturday mornings. You will be working in the Shepparton retail store with our staff members that include agronomists, an animal health specialist and our merchandise sales coordinator.

You will have the opportunity to learn several facets of the business from point of sale, to stock management and everything in between.

There will be some elbow grease required in the role as you will help with activities such as maintaining the presentation of the store and relocating product in the showroom and shed.

Lipp's is a family owned and operated business established in 1967 by Kurt and Vera Lipp. Initially they were offered a Pivot fertiliser distributorship in Kerang. 50 years down the track Lipp's is run by Kurt and Vera's children Norm, Alfred and Corina. The one Kerang depot has expanded to 9 depots across the Mallee and the Goulburn Valley.

Fertiliser is still a very large part of the Lipp's business, however the business has also expanded into other facets of agriculture including gypsum, salt, logistics, agronomy, rural retail and merchandise.

Lipp's expanded into the Goulburn Valley in 2016 with the purchase of Ajax Fertilisers. In March 2017 the Incitec Pivot Depot at Congupna was purchased. Business in the Goulburn Valley is growing well, hence the need for the junior position.

If this sounds like a place you would wish to work, do up your resume or cover letter and drop it in store to Roz or email your application to roslyn.russell@lipps.com.au.

Likewise if you have any questions, you can reach Roz in store on 5821 9644.
