

Theircare
Where Kids love to be!

Hello St Mary's families!

We have made it halfway through term four! And what a wild ride it has been. Over weeks 5 and 6 we dove down to explore what it is like under the sea, then surfaced just in time for the TheirCare red carpet events.

Over the fortnight we have created everything from our Hollywood Walk of Fame stars to salt dough sea creatures, which were definitely a hit. We learnt new skills through different board games. Our favourite game at the moment is 'Pop! The Pig.'

Over the next couple of weeks, we will be getting our green thumbs on and our hands dirty with our environmental week. We will be creating our own seed paper that can be planted straight into the ground to grow some beautiful flowers and herbs and making our own bird feeders out of recycled bits and bobs!

But wait... there's even more!

On Friday (18th November) Theircare will be holding a 'Grab n Go' breakfast to make the school morning rush a little less stressful! We will be set up at the school gates from 8:20am! We can't wait to see you there!
