World Youth Day Fundraising

Dear Sponsors, Donor and Well Wishers,

Our names are Elizabeth and Tony Junior Lupeamanu and we are very proud and active youth members of Invigorate Youth Group and St Agatha's Young Adults Group at St Agatha's Parish, Cranbourne.

Our youth group aims to nurture and strengthen the minds of young people through creating a strong and inclusive community which allow young adults a place of comfort to grow. In order to meet more likeminded people and support our youth, Myself along with my brother Tony Junior Lupeamanu have been given the opportunity to attend the eminent **2023 World Youth Day in Lisbon Portugal.**

Every 3 or so years Pope Francis hosts a weeklong gathering of millions of young people to meet and enlighten this healthy young generation which has unmatched potential, to contribute to the betterment of our society, by encouraging them to think, act and see the benefits of helping our less fortunate communities in the world we live in.

Unfortunately, attending this celebration is accompanied by substantial costs of **\$6000** per attendee and we are reaching out to our family, friends and wider community to help us get to World Youth Day 2023, we would be very grateful for your help and donations, and we will continue to keep you in our prayers.

Please see below account details for all donations, again we are very blessed and grateful for this opportunity and we thank you all for helping us get to WYD 2023.
