June 30 is the end of the financial year, so what does this mean?

AFTER JUNE 30, AND IF YOU HAVE EARNED MONEY AND PAID TAXES YOU ARE REQUIRED TO LODGE A TAX RETURN. A TAX RETURN IS A SERIES OF FORMS THAT YOU FILL OUT TO SHOW THE AUSTRALIAN TAXATION OFFICE HOW MUCH MONEY YOU EARNED AND HOW MUCH YOU PAID IN TAXES DURING THE YEAR. THE ATO WILL THEN WORK OUT IF YOU HAVE PAID ENOUGH OR TOO MUCH AND EITHER ASK YOU TO PAY MORE OR REFUND YOU.

July One to June 30 is a Financial Year

Tax is deductible from your earnings once you earn over \$18,200 a year, this equates to around \$350 a week.

Tax goes towards supporting essential services in our communities:

- Schools and education
- Hospitals and healthcare, such as Medicare
- Roads and infrastructure
- Emergency services, like fire services, ambulances, and police.

A Tax File Number is a unique number for taxation purposes, and everyone working in Australia needs a one.

If you need a TFN, Leanne can start the process at school and it can be completed at Australia Post with a parent/carer.

A PAYG Payment Summary is issued by your employer at the EOFY. A PAYG payment summary details your payments and tax withheld.

You can access your PAYG payment summary from your MYGOV account.

You will need to provide your TFN to an employer, your superannuation provider, your bank and other government departments.

TFN: Tax File Number - Unique number that you apply for

ATO: Australian Taxation Office - Government department

PAYG: Pay As You Go payment summary - used to lodge your Tax Return - payment & deductions during the financial year

EOFY: End Of Financial Year - July to June

THE HIGH 5 MESSAGES OF CAREER DEVELOPMENT ARE BASED ON THE CONCEPT THAT ONE'S EDUCATION, WORK, AND LIFE PATHWAY IS A WORK IN PROGRESS RATHER THAN A STRAIGHT LINE.

1. Change is constant

Recognise that we, and the world around us, are in constant states of change. We are likely to experience many jobs, in different career fields and with different employers during our working lives.

Change brings opportunities so flexibility, versatility, and adaptability help us to successfully navigating change.

3. Know yourself and follow your heart

Combining our interests with career opportunities helps us find fulfilment. When we have skills or ability in a certain area, we have a realistic chance of achieving it, and when we do something we enjoy, we tend to do our best.

5. Learning is ongoing

Finishing school is a milestone in our learning, but it is not the end of it! Learning opportunities are everywhere - in formal education, daily life, in the workplace, on the sporting field, doing hobbies, and so on. Learning helps us make the most of our world by developing new skills, improving ourselves, and staying motivated.

COURAGEOUS

2. Focus on the journey

Life is made up of experiences gathered along a journey, while destinations are merely stops we make. Our career journeys last our lifetimes, so it's best not to focus on one destination only. Setting goals on our journeys and paying attention to everything we learn helps us achieve them. While noticing the opportunities we encounter enables us to update our plans along the way.

4. Align with allies

Career success is a team effort involving the support of our families, friends, mentors, colleagues, and peers. Asking for guidance and talking to people about careers helps us access new information and opportunities.
