

Today we celebrate the Feast of the Holy Trinity. Our Mass today honours the trinity Father, Son, Holy Spirit which our school has been named after. As we celebrate Mass today and enjoy a piece of cake at the end, let us remember what it means to be a Holy Trinity kid.

I believe at Holy Trinity we strive to:

To give things a go. We try to do the best with our class work, we try new things even if they are daunting, we join in so we can learn and have fun together.

We strive to...

Be kind and respect one another. We use our manners and talk with respect. We smile and say hello. We forgive and try to sort out our differences. Everyone is welcome here.

We strive to...

Look beyond our school to the wider world. We demonstrate understanding for others and look out for people in our world that we can help through tangible things or through prayer.

We strive to...

Follow our rules for living that

We **all** are safe

We **all** are valued, respected and cared for

We **all** are learners.

I am proud to be the Principal of Holy Trinity School. I hope you are proud to be a student.

Today let us remember the words of our school prayer. Let us pray that the love of the Father protects us, that the light of Jesus shines in us

And that the power of the Spirit inspires us to work together so that we all may have life to the full.

Please stand.
