Koonung PFA Second-Hand Textbook Sale – 2026 Textbooks Acceptable for Sale

The PFA recommends that books should be priced on a sliding scale (from 75% of the recommended retail price [RRP] for new books in good condition to 50% for those in fair condition). **You may choose to reduce the price further, to sell, the books.**

Please note, that the cost of the textbooks with **digital components** have been priced as they are sold as print only copies. Digital reactivation codes have been deducted from cost base sale price. Exceptions to this are noted on this list. Some digital components are not required by the school, and some cannot be purchased without the accompanying textbook. Buyers and sellers should take this into consideration.

PFA will retain 25% of sale as a donation.

Please check your 2027 Campion booklist for books that are to be **retained** for the following year before submitting any for sale.

Workbooks & activity manuals **are only acceptable if unmarked** (or almost unmarked).

We cannot accept **calculators** for sale.

If a textbook from this year is not included in this list, it usually means it has been replaced by a later edition or a new title, for next year. Any questions email booksale@koonung.vic.edu.au

Please **carefully check that the editions** you are providing for sale are the **current or required edition**.

Please **do not provide any books, that are not listed here**, as we are unable to sell them.

When submitting books for sale you **must complete both** the **Payment Instruction** (bank details) and the **Textbook Submission forms and** bag them with the relevant books or we cannot sell your books.
