

Kelly Club Aitken Final Newsletter Term 2, 2021

What an exciting term we have had at Kelly Club! This term has been packed full with different themes and activities. The children have enjoyed learning about ANZAC Day and healthy eating, making wonderful gifts for their mothers and/or loved one for Mother's Day, sketching, cooking, painting and doing some Science experiments.

The last few weeks Kelly Club have got the children involved with picking activities, which we then included in our weekly planning. It was a great way to get the children involved and making them feel included at the service, by letting them choose activities based on their interests and ideas. We will continue with this next term.

We hope everyone has a nice break over the school holidays and look forward to what next term will bring us at OSHC!

Reminder: Please book in as soon as possible for holiday program days, as all excursions and incursions have a limit on how many children can attend due to COVID.
