

Philip Winbanks

I have been on Council for the last 13 years under three Principals and have witnessed an incredible growth in the ethos of Preshil; main improvements being the implementation of the IB, a strong support from parents and students, the formation and adherence to the Courage document and Strategy Policy, debt reduction and a fabulous group of educators.

I came to Preshil as an independent Chartered Accountant with 47 years of practice and experience, including 12 years as Treasurer to a Catholic church and school. My outside interests were as a Probation Officer and life member and president of football, basketball and netball clubs.

I originally came onto Council for 3 years but have found the Preshil community and all that it aspires to hard to leave.
