University of Sydney Environmental Engineering Evening

4 April

Environmental engineering is crucial for developing sustainable solutions to address pressing environmental challenges, ensuring the health and well-being of both ecosystems and human populations for generations to come. Join us as we celebrate the debut of the University of Sydney's Bachelor of Engineering Honours (Environmental Engineering) degree. Attendees will be granted exclusive access to our cutting-edge laboratories, where they can observe the transformative effects of environmental engineering through real-world demonstrations. They will have the privilege of engaging with experienced environmental engineers actively shaping the field. Attendees can delve deeper into our pioneering degree program, which will commence in 2025.

University of Sydney Academic Excellence Scheme

The Academic Excellence Scheme recognises high performance in English and Mathematics by applying adjustment factors to boost your selection rank. Depending on the course you have applied for and whether you achieved a Band 5, 6 or E4 in high-level English or Mathematics in the NSW HSC (or equivalent scores in other Australian Year 12 qualifications and the IB) in 2024, you can have an adjustment of up to five points added to your ATAR or equivalent IB score, to raise your selection rank for an eligible course. Find out more below.
