

TRAINEE LABORATORY TECHNICIAN - LABORATORY TECHNIQUES (CERT. IV)

ATP is an internationally recognised manufacturer of Tartaric Acid, Grape Seed Oil and Grape Spirit. Our site is located near Mildura, Victoria and has experienced significant growth in recent years with several new state of the art processing plants now installed. We currently have a position open for a trainee laboratory technician.

Key areas include:

- Process sampling and preparation
- Titration and various assays
- HPLC analyses
- GC analyses
- Processing and interpreting data
- Planning and conducting laboratory work
- Calibrating laboratory instruments and equipment
- Basic maintenance on laboratory instruments and equipment

Candidate qualities:

- Self directed with high attention to detail
- Good communication skills

Applications in writing, including resume, should be emailed to
The General Manager
Australian Tartaric Products
(ben.manfield@australiantartaric.com.au).

Closing date for applications is Friday 5pm, September 3rd 2021.
