[University of Sydney - Music Portfolio Evening \(Online\)](#)

4 June

Make your application stand out and join us at our Music Portfolio Evening on Wednesday, 4 June. We encourage you to take this opportunity to receive tailored advice from our academic staff and gain valuable insights to elevate your portfolio, which is a crucial element to your application to study a Bachelor of Music (Composition), Bachelor of Music and Bachelor of Advanced Studies (Composition), Bachelor of Music Composition for Creative Industries Program, and Bachelor of Music Contemporary Music Practice Program at the Sydney Conservatorium of Music.

At this online event, you'll receive personalised feedback on your music portfolio, speak directly with our staff, and learn about our courses and submission processes.

Don't miss this opportunity to discover where study at the Con could take you, and how to make your application shine!

[University of Sydney - Music Audition Information Session](#)

10 June

Join us at our Music Audition Information Session on 10 June. We encourage you to take this opportunity to receive tailored advice from our academic staff and gain valuable insights about your audition, which is a crucial element to your application to study at the Sydney Conservatorium of Music.

At this online event, you'll hear from Professor Matthew Hindson, Deputy Head of School, Deputy Dean, Associate Dean (Education).

Don't miss this opportunity to discover where study at the Con could take you, and how to make your audition shine

[Brent Street Winter Camp 2025](#)

7-11 July

Don't hibernate this Winter – unleash at our epic Winter Camp, a 5 day dance workshop with Australia's best choreographers. You'll leave the workshop feeling inspired and pumped, exposed to a whole new range of styles and teachers, ready to smash your dance goals for Term 3 and beyond!

We welcome students from all studios across Sydney and Australia to enjoy our Winter Camp. It's so much more than just dance classes; it's an experience of making friends, a physical challenge and inspiring teachers!

[Brent Street 2026 Auditions Now Open](#)

To us, there's no other option when training for a career. To be the best, you have to train with the best. Experience the Brent Street energy – a hub of passionate staff, real-world training and our signature training that's dominated the industry for more than three decades.

Whether it's Performing Arts, Contemporary, Musical Theatre or Academy, these life-changing courses set yet another benchmark for pre-professional training in 2026.

[Brent Street Academy Information Evening 2025](#)

19 May

The Brent Street Academy is a High School alternative for students who wish to excel in the performing arts whilst achieving exceptional academic results. We offer limited placements to Years 7-12 each calander year, with entry by audition only.

We understand that our Academy is a non-traditional approach to High School, and with this often comes a variety of questions from parents and guardians. We want you to make the best possible decision when it comes to your child's education – and there's no better way to do this than by attending our Academy's Information Evening.

You'll hear from Lucas (Owner/Artistic Director of Brent Street), Catherine (Academic Manager), our Student Representative Council (SRC) and some of our current Academy parents, where we'll discuss the Academy in depth. This will include an overview of how the Academics work, Subject Selections, ATAR/HSC, a live-demo of online learning portal and information on enrichment activities, like our camp. You'll also be treated to a school tour, plus a few mini-performances from our Academy students.

The evening will conclude with our staff around to chat and answer any questions.

[John Curro National Youth Concerto Competition](#)

Submissions Close 26 June

The JCNYYC is recognised as the most prestigious competition in Australia for string soloists aged up to 18 years. It was established by Queensland Youth Orchestras in 1976 to encourage the development of young Australian string players.

The competition is made possible through generous support from a group of donors called the 'Friends of JCNYYC.' This includes the provision of Prizes in memory of one of the competition's most generous donors, Veronika Butta.

[The 11 Second Club - Animation Competition](#)

Submissions Due 31 May

The May Character Animation Competition has begun! This month's clip should be a fun addition to your portfolio.

Entries can be character animations in any medium, from CG animation (Maya, 3DS Max, Blender, Animation:Master, etc.) to traditional 2D animation to stop-motion. Consider posting your progress videos in the Work in Progress forum. Feedback and criticism will make your animation stronger! Comments should aim to be professional, polite, and constructive for participants of all skill levels.

[Waterloo Studios - Information Session and Studio Tour](#)

17 May

You're invited to Sydney Actors School and Sydney Film School for a FREE information session and exclusive tour of the Studios!

You may have some questions about classes, projects, and how acting and film school can prepare you for the industry. Don't worry! We're here to help you get the answers you need.

Come visit us at Waterloo Studios on Saturday, 17th May at 11am. We'll be having an information session about our courses across acting and filmmaking, followed by a tour of the Studio. We want to make sure all your questions about SAS and SFS are answered.

Don't miss out - register!

[NIDA Open Day 2025](#)

14 June

Interested in studying at NIDA, or just curious about what we offer? NIDA Open Day is the perfect opportunity for prospective students to visit the campus and get a taste of the NIDA experience.

Whether you want to perform on stage or be behind the scenes, you can learn about all NIDA's course offerings, meet alumni and current students, observe classroom activities, check out students' creative work in costume, make-up, design and more, as well as ask questions, get tips for your application, chat to expert teaching staff and watch live student productions.

At Open Day, you'll get a sense of what life at NIDA is really like, and where your future with us can take you.

PDHPE

[GOAL College Scholarships](#)

Applications Close 25 July

GOAL College has an ongoing commitment to supporting promising young people and is fortunate to be able to offer a limited number of bursaries for entry into Year 11.

Our bursaries are funded by the school and a small group of dedicated and generous private donors. They are not linked to any particular stream or sport, and our Teammates have no role in selecting bursary recipients.

Maths and Science

[University of Sydney - Extension Science Online Session - Data Analysis: Understanding Hypothesis Testing and Statistical Analysis](#)

28 May

HSC students explore the best scientific practice when collecting and analysing data for the HSC science extension course – how to organise your data for effective analysis, a deep dive into the statistical tests required by the Science Extension HSC syllabus, and how to accurately interpret the meaning of your results.

By the time your students leave, they should feel confident analysing the data collected throughout their scientific research project using the same methods as researchers in academia and industry.

This seminar is the second in a three-part series of data analysis advice workshops run by the University of Sydney for HSC Science Extension students. If you missed part one – Understanding Method Design and Data Collection – or wish to revise the content before attending part two, please contact us for a copy of the slides.

[What can you do with a physics degree?](#)

Sold on a Bachelor of Science, but not sure what to major in? Here are four cool and unexpected jobs a Bachelor of Science (Physics) could lead to. If you're thinking about enrolling in a Bachelor of Science, there are loads of reasons why majoring in physics is a good idea. And despite the maths-meets-science elective often overlooked for those with clearer post-grad pathways, there are loads of industries crying out for a physics major's advanced maths, analytics, problem-solving and computational skills.

HSIE

[National History Challenge](#)

Get your entries in by 22 August

The National History Challenge is a free research-based competition for Australian students. It gives students a chance to be historians, researching world history, examining Australia's past, investigating their community or exploring their own roots. It emphasises and rewards quality research, the use of community resources and effective presentation.
