

THE CYBER SAFETY PROJECT PARENT EVENT

Focus: Safe online and social media practices

For children today, growing up digital is a whole new world. Learning safe practices and strategies for maintaining a positive digital reputation starts in the home. It takes a village to raise a child, so understanding what your children are learning at school is crucial in ensuring the messages are consistent and ongoing.

This session aims at providing parents with the insights and important information about popular social networking and online gaming platforms for young people today. Building a positive and healthy family environment where digital use is encouraged but managed effectively can be a tough balance. We will discuss ways you can ensure your children stay safe through making use of an application's privacy settings and help them to build positive digital habits through your family's digital user agreement.

WHAT YOU WILL LEARN

- ✓ Discover the ins and outs of Facebook, Instagram & Snapchat
- ✓ Uncover mobile apps and games that can be potentially harmful
- ✓ Explore strategies that foster positive digital experiences for children
- ✓ Discuss ways to manage digital wellbeing for children at home
