Quality Indicators for Learning and Teaching (QILT)

The **Quality Indicators for Learning and Teaching (QILT)** website is now three years' old. The aim of this website is to assist students in making informed choices about their higher education options by bringing together survey data from all Australian universities, allowing students to compare student experience and job outcomes.

So, students are able to compare the student experience, whether domestic or international, between universities, and also learn more about employment outcomes of the different institutions.

The QILT survey program also includes the ***Employer Satisfaction Survey (ESS)*** which is an important survey whereby over 4000 employers are asked to rate their newly employed university graduates, based on several criteria, and thereby ranking universities. **The [2017 ESS Final Report](#) is well-worth a browse.**

RMIT University offers the [Associate Degree in Engineering Technology](#) which is an excellent 2-year degree for students undecided which specialised area of Engineering they wish to study.

Students who achieve a grade point average (GPA) of at least 2.0 out of 4.0 are **guaranteed entry with two years of credit** (equivalent to 192 credit points) into the following RMIT programs relevant to their study major.

This pathway course is also often used by students who do not attain the minimum English/EAL and Maths Methods study scores, or if their ATAR is not high enough to enter the bachelor degree.

Students keen on ***telecommunications engineering*** can also use this pathway course, by completing the Electrical and Electronics major.

- [Bachelor of Engineering \(Advanced Manufacturing and Mechatronics\) \(Honours\)](#)
- [Bachelor of Engineering \(Aerospace Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Automotive Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Civil and Infrastructure\) \(Honours\)](#)
- [Bachelor of Engineering \(Computer and Network Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Electrical and Electronic Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Electrical Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Mechanical Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Sustainable Systems Engineering\) \(Honours\)](#)
- [Bachelor of Engineering \(Telecommunications Engineering\) \(Honours\)](#)

Snapshot of Deakin – Waurn Ponds Campus in 2018

- The Geelong Waurn Ponds Campus is home to the [Geelong Technology Precinct](#). The precinct focuses on Deakin's core research capabilities *in materials, biotechnology, chemistry, and environmental engineering*, along with regional strengths in *manufacturing and agri-processing*.

- The Geelong Waurin Ponds Campus is also home to the **CADET** building – the *Centre for Advanced Design in Engineering Training*. The \$55 million state-of-the-art facility houses some of the most advanced and future-focused simulation and visualisation systems, purpose-built interactive laboratories and learning environments in the country.
- 2015 saw the first intake of students to the new 4-year Medical Imaging course offered at the Waurin Ponds Campus - **Medical Imaging**. The department is a fully equipped x-ray department, and students have access to adult-sized human models designed to be x-rayed and reflect human-like responses to x-rays.
- Deakin University's Faculty of Health offers Australia's first accelerated optometry course. Offered as a combined course, the Bachelor of Vision Science/Master of Optometry - **Optometry**. Students have access to a dedicated simulated optometry store for simulated exercises. Deakin Optometry is housed in the Regional Community Health Hub (REACH) building.
- Deakin's School of Exercise and Nutrition Sciences - **Exercise & Sport Science** - is also in the REACH building. Again, exercise & sport science students have access to state-of-the-art equipment. Of note is the added fact that Deakin's School of Exercise and Nutrition Sciences is ranked the number one sport science school in the world, according to the Academic Ranking of World Universities (ARWU).
- The School of Medicine - **School of Medicine** – is another state-of-the-art facility at the Deakin Waurin Ponds Campus. It opened in 2008 and offers a 4-year graduate medical degree, with 2 years of pre-clinical education at the University campus in Waurin Ponds, and then 2 years' clinical education and experience in one of its clinical schools – hospitals as far-flung as Ballarat to Box Hill.

Law Week – 14 to 20 May

<https://www.everyday-law.org.au/law-week>

About Law Week

Law Week is an annual festival of events that makes learning about the law easy. Held in May each year, Law Week has taken place across Victoria since 1980.

Presented by **Victoria Law Foundation** with the support of our **Event Partners** and sponsors, Law Week offers Victorians the opportunity to find answers to their legal questions, discover the history of the courts or simply enjoy the spectacle of the law.

The **program** includes mock trials, behind-the-scenes tours, expert info sessions, panel forums and more.

Courts Open Day 2018

For a day, Victorian courts open their doors to let you see behind the scenes. It's a great day out for the family, offering plenty of children's activities. Join us on Saturday 19 May for Courts Open Day.

Fun family activities in the County Court forecourt include:

11:00 am - 1:00 pm Kids can enjoy face painting by Laurie The Face Painter.

11:30 am - 2:30 pm The Great Gizmo will be entertaining the crowds with a combination of uni cycling, juggling, live music, comedy, and most importantly, fun!

12:45 pm - 2:45 pm Kids can enjoy a special balloon from our balloon artist.

There will also be a sausage sizzle from 11:00 am, with all monies raised supporting Berry Street - an independent child and family welfare organisation.
