

# Youth Survey 2022

## The Youth Survey is now open!

We would love your support and participation in the 2022 Youth Survey.

---

**What?** The Youth Survey is Australia's largest annual survey of young people. The survey seeks the views of young people and asks their perspective on a range of important topics.

Key focus areas for 2022 include:

- Mental health and wellbeing;
- Housing;
- Discrimination; and
- The impact of COVID-19.

The online survey is open to young people between the **ages of 15 and 19**. The survey will take approximately 10 to 15 minutes to complete.

---

**When?** Open until the **31 August 2022**.

---

**Why?** By participating in the survey you will be helping us reach more young people in Australia; making sure their voices are heard. Every additional survey completed helps us gain a clearer picture of what is happening for the emerging generation in our country.

**Schools, organisations and groups receiving more than 100 responses are able to receive a FREE, tailored report based on your local data.**

These reports are **available in December 2022** and detail key findings specific to your organisation.

---

**How?** Complete the [Organisation Participation Form](#) by visiting the Youth Survey homepage [www.missionaustralia.com.au/youthsurvey](http://www.missionaustralia.com.au/youthsurvey) and clicking on 'Youth Survey Toolkit'.

In the form, tick "Yes" when asked if you would like to obtain an individualised report and you will receive a unique survey code for your school or organisation via email. This code will help us track the responses coming from your school or organisation.

Information and resources about the survey can be found in the toolkit.

---

You can also help us spread the word by promoting the survey through your networks or social media.
