

The Careers Centre, in the Monash Building, is a resource for our students with current institutional handbooks and brochures at their disposal. Students are invited to visit, browse and question. An open-door policy exists to ensure students make informed decisions about future pathways. Year 12 interviews continue to assist students with the momentous decisions facing them this year. Parents/guardians are welcome to take advantage of the services provided. Appointments can be made to discuss the future pathways of their children. CAREER TOOLS: ONLINE RESOURCE... Wyndham Central College (wcccareers.com) Year 10 and 11 students are also welcome to visit the Careers Centre to make an appointment.

Monash | Information Evening – Geelong

August 1, 2024

We know that choosing a university is a big decision, especially if you don't live in Melbourne. Monash Information Evenings are the perfect opportunity to have your questions answered on everything you wanted to know about undergraduate study at Monash.

You'll hear about:

- our 10 diverse study and discipline areas
- undergraduate course types, such as our comprehensive and specialist courses, double degrees and pathway programs
- international opportunities including study abroad and overseas tours
- how to apply – everything need to know about VTAC, key dates and deadlines
- scholarships and fees
- Special Entry Access Scheme (SEAS) and the Monash Guarantee
- accommodation options, both on and off campus.

Monash | Opens Day 2024

Caulfield: August 3, 2024

Peninsula: August 3, 2024

Clayton: August 4, 2024

Parkville: August 18, 2024

Get ready to discover more at Monash Open Day! This is your chance to learn more about your future at Monash. With more activities repeated throughout the day, you can explore Open Day at your own pace and access key information at any time. You may even discover things you hadn't previously considered.

Visit a study area zone to hear from the course experts, tour facilities, chat with students, and take part in interactive and fun activities. Plus, get all your questions answered about our support services and how you can get involved in campus life as a student. Don't forget to explore the campus and enjoy the food, giveaways and entertainment too!

Uni Melb | eMeet a Biomedical Scientist

August 12 to August 16, 2024

As part of National Science Week, the School of Biomedical Sciences at the University of Melbourne is connecting high school students with our biomedical scientists.

At the heart of multi-disciplinary healthcare teams our Biomedical Scientists are world-renowned. Their research drives the discovery of new medications, vaccines and treatments for many life-threatening diseases.

In these 20-to-30-minute Zoom meetings, our experts will help to inspire the next generation of biomedical scientists.

This is a one-of-a-kind opportunity for students to engage with passionate researchers. Discover how biomedical knowledge from the classroom translates to real-world applications.

Students in Years 9–12 from across metropolitan, regional and rural schools in Victoria are invited to ask questions such as:

- What it's like to make a major scientific discovery?
- What career pathways are available for budding young Biomedical Scientists?
- How does it feel to change the course of a person's health and life?
- How do biomedical career pathways take shape?

2024 NYSF National Youth STEM Summit

August 17 to August 19, 2024

The NYSF National Youth STEM Summit is an exclusive three-day event, held annually in Canberra and designed for young Australians after they have left school, have started their first degree or training, and before they become more senior in their science and technology careers.

The STEM Summit is a conference-style event designed to support delegates' next steps in their career journeys. It enables delegates to connect with government, industry and academia and provides professional development opportunities through workshops, keynote presentations, networking events, a Careers and Study Expo, and discussions on the latest developments in STEM fields.

During the STEM Summit, there will be a number of opportunities for delegates to network with each other as well as with the wider STEM community. The STEM Summit will cumulate with a Gala Dinner at the Australian Parliament House to celebrate the 40th Anniversary of the National Youth Science Forum.

The STEM Summit is open to people between 18 – 25 (who have completed high school), regardless of whether they have completed previous NYSF programs.

Please note registrations close at 11:59 pm AEST on Sunday, 11 August 2024.

NIE | Future Doctors Australia, Melbourne

September 27 to September 30, 2024

Gaining medical work experience is essential for young people considering a career in medicine. It provides insight into the field, helps develop skills and attributes, and provides networking opportunities. However, obtaining medical work experience can be challenging due to various restrictions such as limited opportunities, safety concerns, and confidentiality issues.

That's why NIE has developed the "Future Doctors Australia" program. It is an engaging and high-impact 4-day program that provides young people with a unique opportunity to gain medical work experience in a safe and structured environment. Participants will have the opportunity to spend time with current junior and senior medical students. They will also have the rare opportunity to spend time with more senior clinicians and various medical specialists. You will get to learn about clinical specialist's relevant fields of work, ask them questions, and learn some hands-on skills from them.

- Over 15 hours of face-to-face interaction with leading specialists and clinicians
- Meet current medical students
- Develop advanced communication and team working skills
- Create new friendships with like-minded, highly driven young individuals
- Learn about the admission process into various medical universities in Australia
- Morning tea and lunch included

Competitions

NASA Space Place Art Challenge

Value: Feature on website

Closing date: July 31, 2024

In this new activity, we'd like to challenge young explorers to think about and draw a space-related situation each month.

This month's prompt: If you were sending commands from Earth to a faraway spacecraft, or a robotic explorer on another planet, what would you tell it to do? Would you tell a space telescope to take a photo of your favourite star? Would you tell a rover on Mars to draw a giant heart with its robotic arm?

Draw an antenna on Earth, and the spacecraft or robotic explorer you'd imagine it would talk to. Use any materials you would like – crayons, markers, pencils, pens, aluminium foil, paint, yarn, or anything else you find.
