

ENHANCE YOUR CHANCES OF STUDYING AT FLINDERS UNITEST

UNITEST PROVIDES STUDENTS A FREE OPPORTUNITY TO GAIN A PLACE IN THEIR PREFERRED COURSE AT FLINDERS UNIVERSITY

WHAT IS UNITEST?

uniTEST is an aptitude test that has been developed to assess the kinds of generic reasoning and thinking skills that underpin studies at higher education and that are needed for students to be successful at this level.

Flinders University will select applicants based on both their Year 12 results (60% weighting toward the ATAR selection rank) and uniTEST results (40%). Flinders will also consider applicants based on their uniTEST results (100%) as a standalone entry score (subject to SACE completion and any course pre-requisites or specific admissions requirements).

Students cannot be disadvantaged by participating in uniTEST. Flinders University will only consider their highest selection rank when offering a place. For example, if a student's ATAR selection rank (inclusive of any adjustment factors) is higher than the combined uniTEST/ATAR selection rank, this will be given priority.

uniTEST is available at no cost

WHO CAN APPLY?

uniTEST is open to any current Year 12 student who will complete an Australian Year 12 qualification this year (including international onshore Year 12 students).

Students can only sit the test once and cannot re-sit in subsequent years.

TEST CONDITIONS

uniTEST is undertaken online, under examination conditions. The test itself will take a maximum of 2.5 hours; however, 3.5 hours should be allowed to include administration.

TEST PREPARATION

uniTEST is a 95 item, multiple-choice examination which has been designed to evaluate abilities and aptitude over the three core areas of Quantitative, Critical and Verbal Reasoning. This reasoning is assessed across the broad domains of mathematics, science, humanities and social sciences.

No specific preparation is required for uniTEST, however, to give students an idea of what to expect, sample questions are available at flinders.edu.au/unitest

RESULTS

Students will receive an email from ACER advising that their results are available, once all tests have been marked. This usually happens in early to mid-December; around the same time as Year 12 results are being released.

uniTEST results can be used for entry to all undergraduate Flinders courses except for the Bachelor of Clinical Sciences/Doctor of Medicine.

uniTEST results remain valid for a period of 2 years. If students decide to change course mid-year; uniTEST results may be considered in determining a place in their newly preferred course.

PARTICIPATE AT SCHOOL

The preferred option offers greater flexibility with the testing period open between June and November. Schools are able to nominate a preferred date and time during this period.

Students should ask their Year 12 Coordinator or Careers Counsellor if their school offers the test. Alternatively, email unitest@flinders.edu.au

PARTICIPATE AT FLINDERS

There will be limited opportunity to undertake uniTEST on campus at Flinders in November. Further details including specific dates and how to register will be released later in the year at flinders.edu.au/unitest
