

Liesl letter

Dear Papa,

I am just tired and scared and it is just so confusing. Otto and Mia are fine, after getting split up we found this house and took it. At first I felt guilty but I realised it has so much to offer like Food, Clothes, and much more.

I just wish I could see you one more time and Opa and Oma. I hope they are safe, and finally mama I have kept your promise, hope I see everyone again. Oh I forgot, we found a barn and made a friend, a newborn calf named doggy.

One day we will all be together happy and safe I hope.
