Hello again from the Camp Australia team!

We have had another amazing fortnight, with the children again showing excellent artistic skills, and generally enjoying their time in the service.

This past week was book week, so the children enjoyed reading their favourite books and in the craft section, they made their own bookmarks.

We continue to work on our herb and vegetable garden, and appreciated receiving a couple of small greenhouses from Camp Australia, so we don't have to continue propagating our seeds in the old milk cartons! Thank you!

The children also played, pretending they were at the Children's Hospital.

Circle Time

We spent time discussing the Bunurong people, who are the Traditional Owners of the land where Oatlands is located. They lived sustainably, for tens of thousands of years on these lands.

Rocketeers

Camp Australia is now taking bookings for Rocketeers! Book via the Parent Portal or visit <https://www.campaustralia.com.au/rocketeers>.

From the staff at Your OSHC, we wish you a wonderful fortnight, and look forward to seeing you all during this period,

Saskia and Team.
