

Child Safety Workshop

Are you looking for information and advice on how to babyproof your home, choose and use child car restraints or how to keep your kids safe in and around water?

Kidsafe Victoria's home safety presentation will provide you with practical strategies and knowledge of how to reduce the risk posed by common injury hazards.

Topics covered include

- child car restraints
- road safety
- nursery furniture/equipment safety
- burns and scalds
- drowning
- falls
- poisoning
- choking/suffocation
- pet safety
- toy safety

You'll also be provided with a range of useful tools including Kidsafe's Home Safety Checklist and Parent's Guide to Kidsafe Homes.
