

**Brief match report:**

On Saturday the team started well, controlling the midfield & having more possession. Oxley scored against the run of play, but rather than letting their heads drop, the boys dug in. After some good passing, the ball got to Alec Sochanski near the penalty spot, and he calmly slotted it home. 1 all.

After half time, Coach James Terzian had the team working well together & the back 4 were as one. SPX dominated possession but were struggling to get a shot on goal. With 10 mins to go, we won a corner, and Andric Pereira whipped in a beautiful cross. Felix Keeler rose above everyone & powered a header into the top corner. Oxley stepped up the pressure, but our team stuck together & defended resolutely. We came away with a very well-deserved victory, which was 15 months in the making & a great example of resilience & belief. Congrats boys.
