## **UNSW Engineering - Flexible First Year**

A key part of UNSW's commitment to help students grow into their career, the Flexible First Year degree is for those who know they want to be an engineer but have yet to work out which direction to take. It allows you to explore a number of areas before deciding upon your final specialisation.

Flexible First Year students enrol in five core subjects. You are then encouraged to select electives from the options listed, focusing on those required in the degree you are considering for future years. Upon completion of the Flexible First Year degree, you can transfer into the engineering degree of your choice.
