NOTE:

Graduate Medicine	<p>Prospective students are generally selected using three criteria: GAMSAT (includes 1st Year Biology and Chemistry and Year 12 Physics knowledge), the GPA and an Interview (mostly MMI).</p> <p>Monash University (Gippsland) requires an UG degree from Monash (most places allocated to Biomedical Science, with a few places for Pharmacy, Physiotherapy, and Science – may require designated units) OR rural students with the Bachelor of Medical Science from Federation University (Churchill) can apply for the Monash Graduate Medicine course as part of the Gippsland Partnership Program between Federation and Monash Universities ^^^. The GAMSAT is not required for graduate medicine at Monash University.</p> <p>The Bachelor of Biomedical Science (Medical) provides a pathway into the Doctor of Medicine offered by the University of Melbourne for regional students intending to practice medicine in a regional location, or for rural graduates who have completed the Bachelor of Biomedical Science (Medical) at La Trobe University (Albury Wodonga/Bendigo) as part of the Rural Pathway between Uni Melbourne and La Trobe Uni.</p>
*	Graduate Medicine degree is open to Graduates only. Some of the universities offering these courses also offer limited Provisional Entry or pathways for school leavers , and generally these require you to do your Undergraduate studies through this university and meet all further selection criteria as set by each institution.
***	University of Notre Dame teaches medicine at its Sydney campus too; with both fee-paying and CSP places on offer - http://www.nd.edu.au/sydney/schools/medicine
Rural/Remote	Please note that most Medicine degrees have an additional selection stream for students with a specifically defined Rural/Remote background. Further information is available on each institution's website.
