

Justin Baré

I have been a Preshil parent since 2016 and my children are in the 11s at Arlington and Year 9 at Blackhall. We chose Preshil for its commitment to progressive education, and the way in which courage is ingrained in the School's culture and its approach to students. I joined the School Council in 2017 and I think it is important that the School's governance is characterised by the same culture of courage that we want to see for our children.

I am employed by the University of Melbourne Student Union as its Chief Executive Officer and have worked there since 2006. UMSU represents all students at the university as well as providing a range of student support services and student engagement programs. We are a student-led organisation that has a particular focus on student welfare and engagement. Prior to working for UMSU I worked in the higher education sector in roles related to student advocacy and welfare.

Since joining the Preshil School Council I have been a member of the Strategy committee in 2018 and 2019, and I have been the Treasurer since July 2020. I currently sit on the Audit and Risk committee and the Remuneration and Nominations committee.

I have a Bachelor of Arts from Monash University and a Masters of Tertiary Education Management from the University of Melbourne.
