WHAT'S BEEN HAPPENING

Dear families,

We are thrilled to share the wonderful experiences and achievements of our children this week at Team Kids. It has been another fun-filled week brimming with learning adventures and playful activities.

The week kicked off with an exciting Drawing Competition where the children envisioned and illustrated what a future city might look like. Their creativity was astounding as they filled their papers with imaginative buildings, flying cars, and vibrant communities. This activity not only showcased their artistic skills but also encouraged them to think innovatively about the future.

Our Painting Competition was another highlight. The children unleashed their creativity and honed their painting skills, producing stunning works of art. It was a joy to see their ideas come to life through colours and brushstrokes, each painting reflecting their unique perspectives and imagination.

We also introduced a Sudoku Challenge, where the children learned to solve easy Sudoku puzzles. This activity was not only fun but also enhanced their logical thinking and problem-solving abilities. It was impressive to watch them figure out the patterns and complete the puzzles with growing confidence.

We are proud of the children's enthusiasm and achievements this week. Their active participation and eagerness to learn and play continue to create a vibrant and enriching environment for all. Thank you for your ongoing support and for entrusting us with the care and development of your children.

Warm regards,

Eric

Director of Team Kid Before and After School Care
