## PARENT/TEACHER DISCUSSIONS

You are invited to attend a Parent/Teacher Discussion with your child's class teacher on Monday 23 March or Tuesday 24 March 2015 as indicated below. This is for teachers to share information about student progress, based on the assessment and work samples collected over the term. Parents are invited to share information about their child, and teachers will alert you of any identified learning issues to work on together.

Interviews will be set ten minutes apart.

Please check the schedule of times carefully, and then complete the attached slip with your preferred times. (Obviously the widest choice of times will be available to those who return their appointment slips first. Prompt return would be appreciated.)

Teachers will confirm appointment times in writing.

At this stage of the year, specialist teachers have had limited contact with each student, so a comprehensive report is not possible. However, if specialists identify any problems or areas for further development, they will contact parents directly. Parents who would like a discussion with a specialist teacher, should note their availability times below.
