[UOW College Fitness Information Session](#)

9 June

Please join our upcoming information session to find out more about Fitness courses at UOW College.

New students interested in studying fitness and current fitness offer holders will find this session helpful.

During the online webinar we will cover:

- Fitness courses at UOW College
- Flexible study options (on campus or distance)
- Entry requirements
- Course units of competency / subjects
- Course outcomes and progression to further study
- Career outcomes

[UOW Early Admission Webinar](#)

29 June

UOW Early Admission is our early offer program for students completing Year 12 (Higher School Certificate or other Australian equivalents) or the International Baccalaureate Diploma during 2026. This webinar is your chance to ask any questions and find out how to get an offer to UOW before you sit your first exam.

[Macquarie University - Macquarie Leaders and Achievers Early Entry Scheme Webinar](#)

3 June

The Year 12 webinar series helps students and their families navigate uni admissions, early entry and pathways, and provides practical next steps for the coming months.

Our next webinar will be focused on Early Entry. Year 12 students could receive an early entry offer to study at Macquarie University based on their Year 11 academic performance and demonstration of leadership skills, personal development and dedication through extracurricular activities in years 11 and 12.

[Western Sydney University - Unlocking Careers in Sport and Health](#)

5 June

These on campus events for Aboriginal and Torres Strait Islander high school students grades 9-12 explore the wide variety of study career options in specific areas of study. Students will also attend a Yarn-Up Q&A session and hear from inspiring Indigenous professionals working in those fields.

[Western Sydney University Open Day](#)

5 July

Register now to join us at Open Day to explore our Parramatta South campus, get your hands on free giveaways and chat 1:1 with staff and students.

[Discover Western - Pathways, Alternative Entry and Early Offers](#)

9 June

This webinar is designed specifically for students in Years 10 - 12. In this session, we'll take a closer look at:

- HSC True Reward Early Offer Program
- Alternative Entry Pathways
- The College
- How to apply for 2027 early entry
- Live Q&A

[The Women's College within The University of Sydney – Applications and Scholarships](#)

Applications close 1 October

The Women's College offers a number of scholarships for resident students. These are awarded on the basis of a combination of academic potential and financial need. Scholarships are available, for example, to students from:

- Government schools
- Rural areas
- Indigenous and Torres Strait Islander backgrounds
- Postgraduate students undertaking medicine or scientific research
- Students studying performance at the Conservatorium of Music.

Music scholarship auditions will take place in early December and applicants will be advised of the audition date closer to the time.

Students seeking consideration for a residential scholarship must first complete the residency application.

[University of Sydney Webinar - Study advanced computing at Sydney](#)

3 June

From intelligent drones to virtual reality apps, cybersecurity to the Internet of Things, the Bachelor of Advanced Computing will teach you the design principles and programming skills to build the systems behind emerging information technologies with our flexible and innovative degree. Hear from us to learn more. You'll have the opportunity to submit questions live.

[University of Sydney - Meet the University of Sydney - Port Macquarie 2026](#)

4 June

The University of Sydney is coming to Port Macquarie!

Join us for an information evening to find out about the University of Sydney!

Learn about our [Regional and Remote Entry Scheme](#) and [MySydney Scheme](#).

The session will also cover information about courses, admission requirements, entry schemes/pathways, fees, scholarships and accommodation, as well as the type of support available on campus. Uni students and alumni from Regional NSW will share stories, tips on moving away from home and advice about their journey to university and beyond.

You'll also get the chance to speak with staff and students and have your questions answered.

[Music Theatre Audition Workshop at the Sydney Conservatorium of Music](#)

13 June

Are you planning to audition for the Music Theatre degree at the Sydney Conservatorium of Music? Take this tertiary audition workshop to understand the requirements and polish your presentation skills to give you an edge in a highly competitive field. This 2.5 hour workshop includes information on the degree course program, tips on how to present your audition videos, and to watch some students present a mock 'live' audition, critiqued by members of the Music Theatre staff in front of your peers (performing a mock audition is optional).

[Sydney Conservatorium of Music Portfolio Information Evening](#)

29 May

Make your application stand out and join us at our Music Portfolio Evening on Friday 29 May.

We encourage you to take this opportunity to receive tailored advice from our academic staff and gain valuable insights to elevate your portfolio, which is a crucial element of your application to study a Bachelor of Music (Composition), Bachelor of Music Composition for Creative Industries Program, Bachelor of Music Digital Music Composition Program, and Bachelor of Music Contemporary Music Practice Program at the Sydney Conservatorium of Music.

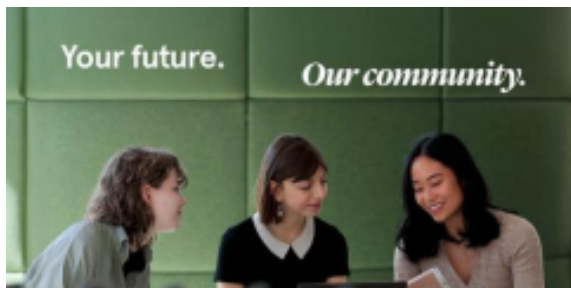

[Sydney College of the Arts Portfolio Evening](#)

3 June

Don't miss the opportunity to join us at the Sydney College of the Arts Portfolio Evening, in-person, for tailored feedback and valuable insights to elevate your portfolio to support your application.

Your portfolio is a key part of your application to study a [Bachelor of Visual Arts](#) at the University of Sydney.

[University of Sydney - Women in Engineering Information Night 2026](#)

3 June

Are you in Year 11 or 12 and thinking about studying Engineering, Computer Science or Project Management? Have you ever wondered what it's like to study engineering at the University of Sydney?

We're committed to supporting women-identifying students to thrive across all areas of engineering, computer science and project management - and that's why we're investing in that future with \$2 million of scholarships for 2027 specifically for women. We believe the future of engineering is more diverse, more inclusive, and led by the next generation of bold thinkers.

[University of Sydney - Year 10 Online Info Night](#)

11 June

Get information and advice tailored specifically for domestic Year 10 students to help you navigate the subject selection process and prepare for your journey to university.

Our expert staff and current students will cover a range of important topics, including what to consider when selecting subjects for Years 11 and 12, how subject choices can impact adjustment factors, what the ATAR is and how it's calculated, prerequisites and assumed knowledge, tips for admission and scholarships, and first hand insights from our current students on their subject selection experiences and transition to university.

[Meet the University of Sydney - Coffs Harbour 2026](#)

18 June

The session will cover information about courses, admission requirements, entry schemes/pathways, fees, scholarships and accommodation, as well as the type of support available on campus. Uni students and alumni from Regional NSW will share stories, tips on moving away from home and advice about their journey to university and beyond.

You'll also get the chance to speak with staff and students and have your questions answered.

[University of Sydney Webinar - Study and career options in occupational therapy](#)

24 June

Interested in supporting people live a fuller life? Join us for this informative webinar to Learn what occupational therapists do, explore the Bachelor of applied Science (Occupational Therapy) at the University of Sydney, hear about work-based placements and student life, and get guidance on entry pathways. Join us live with the Program Director and get answers in the Q&A.

[University of Sydney Work Experience Week](#)

Apply by 5 June

We are currently offering 12 female/ female-identifying high school students in Year 10 the exciting opportunity to participate in Work Experience with Jacaranda Flame Consulting (JFC), an engineering consulting organisation run by the Faculty of Engineering at the University of Sydney.

In this program, students will be working in an office environment in a simulated engineering consulting role with final year engineering students on real-life industry problems. During the week they will be given specific tasks to complete as part of these projects, also participating in client meetings and site visits where appropriate provide engineering solutions to clients from a wide range of industry and community organisations and are renowned for enthusiastically combining technical knowledge from all engineering disciplines, combining this with creativity and innovation to surprise and delight their clients.

[UTS Tech Fest 2026](#)

22-26 June

Now in its fifth year running, Tech Fest is returning with an action-packed calendar filled with showcases, interactive workshops, panel talks, hackathons and real-world tech challenges led by industry leaders. Whether you're a current Engineering or IT student, industry partner, tech enthusiast, or university student of the future, this year's program has an event for everyone.

Tech Festival is a week-long celebration held on campus at UTS. Presented by the Faculty of Engineering and IT, the event features a series of workshops, panels, hackathons and showcases that highlight the next generation of engineers, developers and designers shaping the tech industry.

[Discover ACU Strathfield - Early Childhood, Primary and TAS Secondary Education](#)

7 July

Are you passionate about making an impact in the lives of young people? Do you want to inspire the next generation through teaching?

Join us for Discover Early Childhood, Primary and TAS Secondary Education, an engaging event designed for students in Years 10 – 12 who want to explore a rewarding teaching career.

[Discover ACU Strathfield - Exercise and Sports Science and Biomedical Science](#)

7 July

Are you fascinated by how the human body works, moves and performs? Or curious about the science that helps diagnose disease and improve health?

Step inside our specialist biomechanics and human performance laboratory, where you'll see how cutting-edge technology is used to analyse movement, measure force, track motion and understand the science behind athletic performance.

[Discover ACU Canberra](#)

8 July

Join our free Discover ACU event to get an insight into life as an ACU Canberra student, designed especially for Year 10 – 12 students.

Our Canberra event has a wide range of course-related workshops including teaching, social work, speech pathology, occupational therapy, nursing and paramedicine.

[Study at ACU Webinar - ACU Guarantee Early Offer, Entry Programs and Pathways](#)

22 July

Get helpful advice on how to apply, find out more about non-traditional pathways to uni, explore your study options, and hear from students about what life is really like at ACU.

Join us online to have all your questions about studying at ACU answered. Discover how to apply, explore early offer and pathway options, and see how ACU can help fast-track your career success.

[ACU Open Days 2026](#)

- 25 July - Blacktown
- 16 August - Strathfield
- 5 September - North Sydney
- 12 September - Canberra

Open Day is your chance to find out everything you need to know about studying at ACU before you enrol. You'll be able to check out the campus, meet staff and students, discuss entry pathways, and talk to experts about your study options and career goals.

[Southern Cross University - Parent Information Session](#)

23 June

Your child's educational journey is of utmost importance. As parents and guardians, it is essential to be well-informed of various opportunities and pathways that lie ahead.

Here at Southern Cross University, we are organising an exclusive session designed specifically for parents and students in Years 11 & 12 and encourage you to join us for an upcoming Parent Information Webinar.

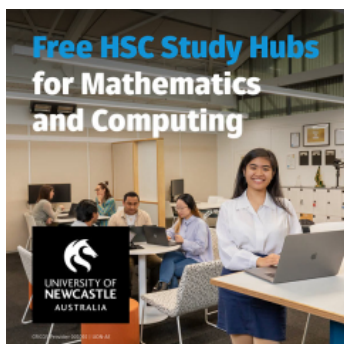

[University of Newcastle - HSC Maths & Computing Study Hub Winter Holiday Intensives](#)

7 - 17 July

Registration Required

Free HSC Maths & Computing Intensives – University of Newcastle
Get exam ready with our free HSC Study Hub Intensives for Mathematics (Standard 2, Advanced, Extension 1 & 2) and Computing (Enterprise Computing and Software Engineering). Delivered on campus at Callaghan, these sessions focus on high yield content, exam technique, and timed past paper practice led by university academics and expert tutors.

Open to Year 11–12 students, this program is designed to boost confidence, strengthen skills, and improve HSC performance. A webinar option is available for regional students.

[University of Notre Dame - Auburn Information Evening](#)

11 June

Join us at the Auburn Study Centre Information Session to explore how the University of Notre Dame Australia can support your journey into higher education.

You'll hear about our Bachelor degrees taught from our Auburn Study Centre and Broadway Campus in Chippendale, Notre Dame's Early Offer program, scholarships and fees, alternate entry pathways, student experience and a faculty overview of new programs.

[University of Notre Dame - Oran Park Information Evening](#)

16 June

Join us for the Notre Dame info night at our Oran Park Study Centre to explore how the University of Notre Dame Australia can support your journey into higher education.

This session is ideal for Year 12 students and parents who want to learn more about our Early Offer Program, Future You Admissions Pathway and UniPath – a free and flexible entry program. You'll also hear about scholarships, alternative admission pathways and exciting new degree options for 2027.

Enjoy refreshments on arrival before hearing from our admissions team, academic staff and current students. You'll have the chance to ask questions and get personalised advice during our post-session expo.

[CQ University - Senior Students, Parents and Supporters Webinar](#)

2 June

High school students in Years 10, 11 and 12, parents and supporters are invited to join our webinar where we will guide you through key steps of the higher education journey and provide the information and resources you need to feel confident about you or your student's future.

This webinar will explore higher education pathways, including TAFE and university study options, provide insight into the different pathways students can pursue both in school and after graduating Year 12, and share helpful resources to support career decision-making.

We'll also show you where to find and how to understand information about courses and entry requirements, course fees and scholarships, and walk you through the university application process.

[UNSW Canberra Cyber Security Information Evening 2026](#)

3 June

Explore Cyber Security at UNSW Canberra. Learn about the program, entry pathways and the student experience at UNSW Canberra City.

UNSW has always been a destination of choice for students wanting to study cyber security, which is why we're Australia's #1 university for employment outcomes.*

The Bachelor of Cyber Security at UNSW Canberra is a future-focused degree informed by critical government and industry skills gaps. You'll graduate ready to make an impact in a constantly evolving cyber security landscape, with the skills and competencies that are in demand across industry, government and Defence.

[UNSW Girls in Business Camp - Registrations Now Open](#)

13-16 July

The 2026 Girls in Business (GiB) Camp is a four-day immersive experience designed for female high school students in Years 10 – 12 across NSW who are curious about their future in business.

This year, we're going further.

With the rapid rise of artificial intelligence transforming industries, the 2026 camp is focused on building future-ready skills, equipping students with the mindset, confidence, and capabilities to thrive in an AI-driven world.

Delivered by UNSW Business School in collaboration with industry partners, the GIB Camp gives students a real-world glimpse into what university life is like and the potential career pathway that are open to them

[UNSW Engineering Excursions](#)

17-21 August

We're hosting schools for hands-on activities aligned with the NESA syllabus in Chemistry, Food Technology, Information Technology and Enterprise Computing, and Earth and Environmental Science. Excursions are available across Years 10–12, with some sessions open to multiple year groups. EOIs open on Monday, 1 June – schools may register for more than one excursion. Visit Curriculum Aligned Excursions in the link below for further details, including eligibility requirements.

University - General

[AIQS Donald Napier Scholarship - Apply Now](#)

Applications Now Open, closes 1 October

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management or other appropriate AIQS accredited course at a university in Australia.

There are four scholarships offered each year

The value of the scholarship is AU\$5,000

[Free Medical Entry Webinars](#)

2 June

This comprehensive conference, hosted by Dr. Ray Boyapati, is designed to provide you with invaluable insights into every facet of the medical school application process. Whether you're gearing up for the UCAT, honing your interview skills or gaining relevant work experience, our webinar has you covered.

[Medical Interviews Preparation Workshop](#)

12 September

An intensive Medical Interviews Preparation Workshop for students who received or expecting to receive an interview offer for the Undergraduate Medical Schools in Australia.

The unique NIE workshop program aims for students to gain an in-depth understanding and required knowledge of the medical interview processes for specific universities, including Multi-station Mini Interview (MMI), Structured, and Semi-structured panel interviews. The workshop is structured and based on the models that are taught during our proven one-on-one personalised medical interview sessions. The workshop will allow each and every attendee to learn the required skills and practical understanding for the university from which they received an interview offer from.

TAFE

[Get a Dynamic Career with the TAFE NSW Bachelor of Early Childhood Education and Care \(Birth-5\)](#)

If you love working with children, this accredited four-year teaching degree is for you. This degree has a strong applied learning focus so that when you graduate, you'll be prepared to work in a variety of settings such as day care, preschool, integrated child and family services. As well as practical core units, you will undertake a work placement each semester that allows you to apply what you've learned in a real setting.

[TAFE Bachelor of Applied Commerce](#)

Designed in consultation with industry, the Bachelor of Applied Commerce provides you with the skills and knowledge you need to be a successful financial professional. Complete your major in either accounting or financial planning, or do a double major. As well as developing knowledge and skills in accounting and financial planning, you will study management, marketing, law, economics and business statistics, as well as doing an industry placement in third year. Alternatively, you can complete a Diploma of Applied Commerce by completing all first year subjects in the degree.

[Australian Patisserie Academy](#)

Utilising the professional kitchens of TAFE NSW, the Academy team alongside international guest chefs, ensure you emerge with a dream patisserie skill set. From perfecting the art of cake decorating to baking the perfect sourdough, pulling exquisite sugar ribbons to creating one-of-a-kind chocolate show pieces, the Academy is dedicated to preserving the art of patisserie. Classes are short, flexible and constantly changing to reflect industry trends. So whether you're a passionate weekend baker or master chocolatier, there's a course that's your perfect mix.

[AFL SportsReady](#)

Right now, AFL SportsReady has loads of great opportunities, with amazing employers. Please share the Job's Board with any school leavers that may be interested in kick starting their career through a traineeship. Visit the jobs board now.

[DLI Training for White Card, Forklift Driving and more!](#)

DLI Training delivers flexible and affordable training courses to warehousing and construction industries around NSW. Specialised in delivering Job ready courses like WHITE CARD, WORK SAFELY AT HEIGHTS, CONFINED SPACES ENTRY, EWP and FORKLIFT TRAINING.

[Costal OHS White Card Training](#)

Training available throughout June and July If you have students that require their White Card for work placements or have an interest in working in construction industries now is the time to book your course. White Card training enables students to stay safe in the workplace.

[Childcare and Aged Care Diploma and Certificate III Courses at AGrade Education](#)

Find out about the Childcare and Aged Care Diploma and Certificate III courses on offer. Classes are online via zoom and have supportive teachers to assist students. Upon completion students may work in AGrade Education and Training centres, as most of the students find work during studies.

[Bradfield Senior College - Open Day](#)

10 June

Please join us for a tour of the Bradfield campus followed by a presentation and Q&A.

[Tocal Farms Open Days](#)

10 and 17 July

2 and 9 October

Tocal and experience first hand all that it can offer students who are eager for a rewarding career in agriculture, agribusiness or horse breeding and training. The Open Days are held on the Fridays of the winter and spring school holidays and provide prospective students, their families and carers an ideal forum to visit the College and get a feel for what life as a student is really like. Should you require accommodation while attending the Open Days, Tocal College has a range of excellent and affordable accommodation options. These include motel rooms, flats and cottages.

[Woolworths World Refrigeration Open Day](#)

26 June

Woolworths is excited to host an open day of our Refrigeration Plant Rooms for the public, in recognition of World Refrigeration Day. This event will offer access to cool rooms, plant rooms and condenser decks, providing a behind-the-scenes look at the refrigeration industry.

Private Colleges

[Torrens University Early Entry Applications Now Open](#)

If you're in Year 12 and you have big plans for university, here's your opportunity to get ahead.

With an Early Entry application, you can secure a spot in your preferred course now, and go into your exams with peace of mind.

The Early Entry program secures your spot at Torrens University Australia but you are still required to fulfil the course-specific eligibility criteria to enrol.

Most of our courses don't require an ATAR, only successful completion of year 12. Specific eligibility criteria will be listed on your letter of offer and can also be found in your course guide or on our website.

[Brent Street 2027 Auditions Now Open](#)

To us, there's no other option when training for a career. To be the best, you have to train with the best. Experience the Brent Street energy – a hub of passionate staff, real-world training and our signature training that's dominated the industry for more than three decades.

Whether it's Performing Arts, Contemporary, Musical Theatre or Academy, these life-changing courses set yet another benchmark for pre-professional training in 2027.

[Basair Info Sessions Sydney Pilot Career Seminar](#)

Next sessions 6 July, 10 August

Learn about a career as a Commercial Pilot at one of our free information seminars. Basair Aviation College runs monthly seminars in Sydney, Brisbane and Newcastle. Learn more about a career in aviation and the benefits Basair can provide for your training as a commercial pilot.

[Sydney Design School Info Sessions](#)

2 June

[Sydney Design School Interior Decoration Workshop](#)

7 & 8 July

Be inspired. Be creative. If you love interiors magazines and beautifully styled spaces, this fun two day workshop is for you. It's perfect for any interiors enthusiast who wants to decorate their home with skill and confidence. Perhaps you're considering a career in interiors? This beginners workshop will give you a taste of the Certificate IV in Interior Decoration course and you'll get a feel for our School and the passion of our Educators.

[SAE Online Info Session: Creative Industries](#)

23 June

From content creation and digital media to project management and creative direction, SAE's creative industries courses are designed to give you adaptable skills for a fast-moving industry. In this session, you'll see how you can shape your own creative pathway and build a career that evolves with you.

[The Hotel School - Industry Insights Day](#)

22 August

Step into the world of hospitality at Four Seasons Sydney! This exclusive event for Year 12 students gives you a behind-the-scenes look at one of the top venues in the industry and a taste of the exciting careers that could be yours.

[ICMS - The Marketing Lab: From Hashtag to Headline](#)

7 July

Designed for high school students, this hands-on marketing workshop is your chance to step into the fast-paced world of marketing and brand strategy. Come explore how powerful ideas are turned into real-world campaigns that shape the way we think, shop and connect with brands.

Across interactive sessions, you'll discover how to craft a compelling value proposition, uncover what drives customer decisions, and explore the marketing channels behind today's biggest breakthroughs. You'll think creatively, analyse like a strategist, and collaborate like a real marketing team.

[ICMS - Event Creation: From Vision to Execution](#)

8 July

Join us for an exciting hands-on workshop where you'll dive into the world of event planning! Whether you dream of organising epic school formals, unforgettable parties, or community events, this workshop is your chance to learn the ins and outs of creating experiences that leave a lasting impression.

[ICMS - Inside IT: Build, Defend and Analyse](#)

14 July

Curious about a future in technology? Step inside the world of IT in this hands-on workshop designed for high school students. You won't just sit and listen, you'll build, experiment, problem-solve, and think like a real IT professional.

- Build: Discover the foundations of Information Systems and how technology powers modern organisations.
- Create: Try Vibe Programming and see how developers use AI to generate working code.
- Defend: Explore Cyber Security and learn how professionals identify and prevent digital threats.
- Analyse: Build your first data dashboard using tools like the KNIME Analytics Platform.

[ICMS - Building Your Fashion Empire: From Vision to Vogue](#)

16 July

Designed for high school students, this hands-on workshop is your chance to dive into the exciting world of fashion and global brand management. Through expert insights and practical exercises, you'll learn how to craft a unique brand identity, understand your target audience, and master key marketing strategies.

[JMC School Holiday Experience Day](#)

11 July

Create. Explore. Get ahead. Join JMC for a high-energy day of workshops, student panels, and campus tours—plus expert guidance on turning your passion into a career.

Workshops include:

- Acting
- Animation
- Music
- Audio Engineering
- Film and Television
- Game Design
- Musical Theatre
- Entertainment Business Management

[ICMS Open Day 2026](#)

22 August

At the ICMS Open Day you will learn about all the degrees offered and discover why ICMS's personal mentoring approach could make all the difference to your future career success – and help you to make the most of your student years!

Snapshot of the day:

- Learn about undergraduate and postgraduate degrees
- Attend degree course briefings with lecturers
- Get insights from current students
- Find out about scholarships, Early Entry, Leadership Entry and the Elite Athlete and Performer programs
- Learn about our Work Integrated Learning (professional placement) program
- Speak personally to our admissions team

[National Fashion College Open Day](#)

10th or 23rd June

Step into a realm of unmatched creativity and immerse yourself in the forefront of fashion innovation. Our pioneering courses, dynamic internship opportunities, and exclusive access to the buzz of Australian, New York, and London Fashion Weeks will propel you into the heart of the global fashion scene. Get ready to be inspired, challenged, and transformed - we can't wait to welcome you!

General

[What you can do at home or work to get involved in Landcare](#)

Do you ever think about who cares for your local bushland, waterways or coastline in your suburb?

You can be part of a movement who do something every day to make a difference to caring for your local environment.

Did you know research has proven that people who are involved in local groups and volunteer to improve their local environment are happier and healthier?

We know many people are time poor but there are many ways to get involved that don't take up a huge amount of time. Every little bit helps. There's a reason over 100,000 people are already regularly involved. Give it a go!!

[Australian Defence Force Gap Year](#)

Positions Available Now Spend an exciting 12-months in the Navy, Army or Air Force, where you'll get paid for meaningful work while travelling around Australia, gaining skills for life, and making lifelong friends. On an ADF Gap Year you'll grow and develop in a dynamic, supportive and people-focussed environment.

[The 10 most popular uni courses – what STEM electives do they need?](#)

Check out the top 10 most in-demand uni courses and STEM high school electives can set you up for success in all of them. The most popular uni courses range from STEM degrees themselves, to commerce, arts and law. Some have STEM prerequisites or assumed knowledge, while choosing related STEM subjects in high school can give you a head start in others. We've listed these below.

[How high school physics can lead to an awesome renewable energy career](#)

Renewable energy engineering careers are growing rapidly as the world moves to sustainable energy – but you'll need physics to apply. As a Brisbane high school physics student in the 50s, a young Martin Green — now a professor and world-famous renewable energy engineer — might have been wondering exactly how he'd end up using everything he learned about atom models and vectors in class.

[International Chemistry Quiz \(ICQ\)](#)

Registration Closes 17 July

The ICQ stands out as a unique chemistry education initiative, providing a dynamic and focused exploration of chemistry for school students between years 7 - 12. It aims to kindle interest in chemistry and underscore the crucial role of chemists in society. It serves as an opportunity for teachers to gauge their students' understanding of chemistry and acts as a platform to encourage students to pursue studies and careers in chemistry. Going beyond standard syllabus content, the Quiz is designed to be engaging and thought-provoking. With questions that encourage students to apply their knowledge to real-world scenarios, ICQ is truly an international competition, attracting participants from Australia and across the world. Come explore the world of chemistry!

[John Curro National Youth Concerto Competition](#)

Submissions Close 26 June

The JCNYYCC is recognised as the most prestigious competition in Australia for string soloists aged up to 18 years. It was established by Queensland Youth Orchestras in 1976 to encourage the development of young Australian string players. The competition is made possible through generous support from a group of donors called the 'Friends of JCNYYCC.' This includes the provision of Prizes in memory of one of the competition's most generous donors, Veronika Butta.

[Wester Sydney Careers Expo 2025](#)

25-27 June

The Dome, Sydney Showground, Showground Rd, Sydney Olympic Park

Our exhibitors are:

- universities, TAFE colleges and training providers
- providers of HSC resources, information and services
- organisations with apprenticeship information and opportunities
- organisations with employment opportunities
- organisations with cadetship opportunities
- career advisers and student support services
- providers of tutoring services, lecture and study skills programs
- providers of international exchange and GAP year programs
- providers of youth services and programs

[ABC Heywire Competition](#)

Entries Close 1 September

Heywire is a lived experience storytelling competition from the ABC, calling for stories from young people aged between 16-22 in regional, rural and remote Australia.

Entries must be a true story about an aspect of your life. Stories can be in any format: text, video or audio — whatever form suits you best!

[Conservation Volunteers - Working towards a world in which people and nature flourish together](#)

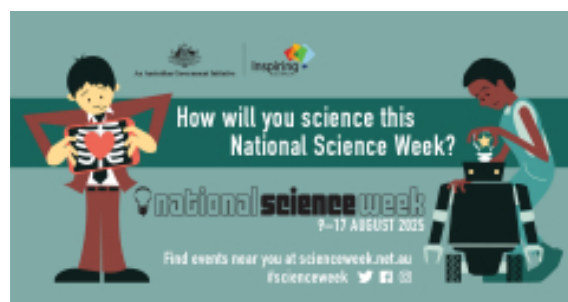

We exist to strengthen the health of communities and ecosystems for mutual benefit, across Australia. Through our work, we're building a more harmonious and helpful relationship between people and nature. People tell us that they want to play their part to re-balance nature, but they don't know where to start. So, for almost 40 years we've been working to give people that opportunity through hands on volunteering. Now, we're growing our work to empower anyone across Australia to take action for nature through an even wider range of practical activities.

[National Science Week 2026](#)

15-18 August

National Science Week is Australia's annual celebration of science and technology.

Running each year in August, it features more than 2,000 events around Australia, including those delivered by universities, schools, research institutions, libraries, museums and science centres.
