Interschools Sports Teams Decided See page 2

This week, the last week of school, has brought many things, good and bad. Grade 6 swimming has now officially ended (pg. 3). Interschool sport

training teams have all started practicing (pg. 2) and the That's Outrageous drawing competition has now started (pg. 2).

Breaking News

Written by Ella

Breaking news, the tension has been high as everyone is eager to find out about the inter-school sport teams. For term 2, the options were Netball, T-ball or AFL. Tryouts have been intense, with all students showing our school values and all playing amazingly, and for those who did get in this teamwork will be a substantial part of all our games. Not just that but we would like to touch on a very important matter, being respectful. A reminder for all our students to be respectful towards ourselves, peers and teachers, inside and outside of school. So, saying

this, we must respect the younger students and not run or play in their special area or on their turn of either the soccer pitch or basketball court. In class we have had numerous chats about respect and hope an article written by a peer can really influence the decisions of everyone.

Drawing Competition

Written by Ella

We are hosting an That's Outrageous Term 1 drawing competition; all entries must be handed in by the 3rd of April in the morning, and winners announced on the 4th and will be given a prize (probably stationary), supplied by the Outrageous team, given to 1st place and runner-up. The topic is 'a greener future'

Sport

Written by Amelia and Simon

This week everyone has been eager to find out about the inter-school sport teams. For term 2, the options were Netball, T-ball or AFL. Tryouts have been intense as everyone hopes they get their preferred sport. On Friday the 28th of March the teams were announced. However, not all

students were happy with the decisions. Now all teams are practicing every Friday and are getting ready for the first interschool sports competition. A common complaint was that the T-ball gloves were a little bit stinky, but, according to Mr. Bull, all we must do is, "as long as you don't take it off and pick your nose, rub your eyes or touch your mouth, then you'll be fine."

End of swimming

Written by Alicia

As of Tuesday, the 25th of March, year 6 swimming lessons have concluded. Three of the groups started their day off with some CPR training while the other groups played a game of volleyball in the water. After the first groups were done with CPR, they did survival strokes in one of the pool lanes. Then, all the groups combined to make one giant, girls vs boys volleyball game which the boys dominated thanks to Alex in 6R. In my opinion, I am very sad that swimming has ended but I know there will be more opportunities to swim this year.

Planning Day

Written by Captain Sutherland

Planning Day, if you didn't know, is when all the classroom teachers get together to plan. While they are doing this, students have substitute teachers and specialists. This means that students have a vastly reduced

workload, but are constantly moving classrooms, which some find tiring. Also, they have no specialists for the rest of the week. People don't seem to mind though, so having an easy day is welcomed with open arms. Each year level will have their Planning Day at some point this week.

The general opinion seems to be that planning day is good, but if you disagree, I'd love to hear yours.

April Fool's Day

Written by Simon

This week also marks the start of April, bringing along with it, April Fool's Day. This day, on a Tuesday this year, is a day dedicated to pranks, jokes etc. To some, it is a day of terror, others, a day of laughs. We strongly advise you to stay alert and make sure no one touches your stuff. Also, don't trust anyone. Not even your best friend. You never know, they might have put a water balloon on your seat.

Ask a student

Adapted from 6P Blog

This week, That's Outrageous have been wondering, who really is captain Sutherland? Well, today, we are going to interview him. Here's Simon.

Simon: "Today, we will be interviewing... Captain Sutherland!"

Simon: "Why isn't Felix interviewing you today?"

Captain Sutherland: "Well, it turned out that he was actually an evil supervillain, and I had, uh, to deal with him."

Simon: "So, who is your real identity?"

Captain Sutherland: "I cannot tell you."

Simon: "Doesn't it say on your hat?"

Captain Sutherland: "No it doesn't!" (snatches hat off table)

Captain Sutherland: "Well, this is Edwa-erm-I mean Captain Sutherland, over and out."

Simon: "well that concludes our interview with Captain Sutherland."

Ride 2 School

Written by Simon

Last week, on Friday was International Ride to School Day. This was to encourage students all over the country to abandon their cars (not literally) and ride, walk or scoot to school. To further motivate, if you walked or rode to school, you would get a sticker, and a piece of free fruit (as shown in the picture), donated by Woolworths and Biviano and Sons.

Shout Outs

Written by Ella

This week will be the last week with Mrs. Morrow, the Outrageous team sends our regards and wishes you good luck for the future. You have been teaching students here for so long, being the only teacher, we know. It's time to say our final goodbye with a "You gotta, make your own kind of music."

Complaints and Questions

If you have any complaints, questions, or requests, about the school, or any issue of That's Outrageous, please contact Ged via outlook at: GMOR9@schools.vic.edu.au or cut out the attached box and give to Ged in 6P. This week, however, please write if you want to continue your subscription because we are finding it very difficult to keep track of who wants a copy of the week's newspapers.
