

**ABOUT REAL LIFE**

## **Sexuality & Safety...moving into secondary school**

### **ABOUT**

Parents generally agree that the best thing you can give your child is a good education. In today's world youngsters moving into the wider world of secondary school need an understanding of sexuality, protective behaviours, the law around sharing images and consent, and how to manage exposure to online content. Every week I hear the worries and wonderings of young people about growing up. Too many of them are too unaware of their rights and responsibilities. So please join me as I share the what, why and how of preparing your child for year 7, 2023. One hour plus Q & A. This is an information session for adults.

### **DATE**

Wednesday 30 November 2022 7:30 PM - 9:00 PM (UTC+11)

### **LOCATION**

Online event access details will be provided by the event organiser
