

A Homelearning Schedule:

What you need:

- Color Printer (Officestore nearby)
- Laminating Machine (Officestore nearby)
- Scissors
- Bluetag

How to make this schedule:

Print out pages that you like to use (use a color printer).

Laminate all your print outs.

Cut out required tasks and colored cards you like to use.

Use a sharpie to customise your times or tasks if needed.

Use bluetag for the back of the cutout cards/tasks to stick to the schedule page.

Done - you are ready to use it.

Create your own Schedule and be in charge of your tasks and breaks, so you can stick to it.

Once tasks are done, move them to the “done and dusted section” and do a little dance for each task thats done :)

We also use an app called TIME TIMER (or a simple looking POMODORO Timer) to measure 15 min timenblocks.

After 15 min Kids can have a mini break (for bathroom / hydrate / mini excercise)

Hope this works for you.
