

## After School Class

### Term 3 - Laws of Motion

Each hour-long class is a fun and educational LEGO-building adventure with Bricks 4 Kidz. We use age appropriate models for different levels of building skill.

This hands-on class explores STEAM concepts (Science, Technology, Engineering, Art, and Math) primarily using LEGO Bricks, in which children will develop problem-solving and critical-thinking skills in a fun and engaging way

Even our youngest and newest students will learn how to make mechanical LEGO models that move and groove. As they advance in building skill, they'll also motorise their weekly model for even more learning fun!

## In Term 3 We will be exploring Newton's Laws of Motion

**Dates: 31st July - 11th Sept**

**Duration: 7 Weeks**

**Day: Thursday**

**Time: 3.45pm - 4.45pm**

**Where: Science Room**

**Cost: \$126**

**Enrol using link:**

**[bit.ly/443U9OG](http://bit.ly/443U9OG)**

**OR**

**QR Code**

Students will be introduced to what physics is, as well as the 'Laws of Motion' made famous by Sir Isaac Newton.

Models such as the motorised see-saw, the moving clock and the catapult model will be built to keep their minds and hands busy!
