

LinkedIn Information Seminar

The Careers teachers of Baimbridge College, Monivae College and The Hamilton & Alexandra College and South West TAFE have combined with LLEN, Beyond the Bell and the Southern Grampians Shire to arrange an exciting **LinkedIn Information Session** for all senior students in the region.

LinkedIn is an online professional networking platform that can connect individuals via their professional interests, education, training and aspirations. The platform is particularly valuable for remote and regional students who may not have established networks with a broad range of professionals before they finish Year 12. The platform is equally valuable for all students regardless of the academic stream they have pursued in the final years of their schooling.

The event is being hosted by the Southern Grampians Shire at the **Hamilton PAC on the 19th of September at 7- 8 pm**. The presenter, Sue Ellison is a highly qualified and broadly experienced Melbourne based facilitator who is very excited about introducing and supporting our students to make these valuable professional connections. For more information about Sue please look for her on LinkedIn.

This is a valuable opportunity for all senior students, as many tertiary providers have LinkedIn training sessions in the first years of study. Attending this session would enable students to be ahead of the others.

There will be no cost for this Seminar.

Please access the booking link: <https://www.trybooking.com/BFMVL>

For more information please contact Louise Manifold at lmanifold@hamiltoncollege.vic.edu.au or Marissa Vincent at Baimbridge College at vincent.marissa.a@edumail.ic.gov.au

Please take advantage of this opportunity.

Marissa Vincent.
