**Working as the Drama Captains for Frozen Junior has been quite a handful, but a very fruitful one. Not a single lunchtime goes by where we are not immersed in the hustling bustling theatre community, surrounded by unending talent and whimsy. It is one of the greatest gifts to nurture a group with such limitless potential. This role has brought along so many experiences where we have gained organisational skills, made professional collaborations and made new friendships with production members in every year level. We are forever grateful for this experience in leading production this year, and making a memorable final production for our fellow Year 12 production members.**

## **DIRECTING TEAM**

**Working together as the direction team for Frozen Junior has been a fulfilling and enriching experience, as we improved our organisational skills and learned how to best convey our vision to the rest of the production team. We spent time collaborating closely with fellow students and teachers to bring this story to life, and we learnt many lessons and cultivated new friendships. The supportive environment and shared excitement made the process enjoyable and inspiring, despite hurdles along the way, and we are thankful for the time we have spent as part of the 2025 production.**
